DATE: August 27, 2024

SUBJECT: Discussion and possible action to address the Commission's adherence to and compliance with the non-interference provision set forth in Sec. 3.11(2) of the City Charter - **Commissioner Mallozzi**

RECOMMENDATION:

Commissioner Mallozzi requests a discussion and possible action to address the Commission's adherence to and compliance with the non-interference provision set forth in Sec. 3.11(2) of the City Charter.

BACKGROUND OF ITEM:

The code currently states:

Section 3.11. – Prohibitions

(2) Oversight of administration. Except for the purpose of inquiries and investigations, the commission or its members shall deal with city officers and employees who are subject to the direction and supervision of the city manager solely through the city manager, and neither the commission nor its members shall give orders to any such officer or employee, either publicly or privately. Nothing in the foregoing is to be construed to prohibit individual members of the commission from examining by question and personal observation all aspects of city government operations so as to obtain independent information to assist the members in the formulation of policies to be considered by the commission and assure the implementation of such policies as have been adopted. It is the express intent of this provision, however, that such inquiry shall not interfere directly with the regular municipal operations of the city and that recommendations for change or improvement in city government operations be made to and through the city manager.
