| [101-156-1027] DJI Matrice 4TD w/RC Plus 2 Combo<br>The all-new Matrice 4TD offers extended flight time, a high-resolution thermal camera, a new near-infrared (NIR) auxiliary light, and a laser range finder. It is also designed specifically for the DJI Dock 3, enabling truly remote, beyond-visual line-of-sight operations. When paired with the DJI RC Plus 2 Enterprise, the DJI Matrice 4TD can be operated as a standalone drone, increasing operational capabilities over the Matrice 4T thanks to its IP-rated design. The Matrice 4TD's fixed arm configuration promotes more stable flight, though it sacrifices portability over the Matrice 4T.<br><br>In The Box:<br>1x DJI Matrice 4TD Aircraft<br>3x DJI Matrice 4D Series Propeller Pairs<br>1x USB-A to USB-C Cable<br>1x Combo 1.5mm / 2.5mm Hex Driver<br>1x Miscellaneous Screw Pack<br>1x RC Plus 2<br>1x M4D Series Charging Hub<br>1x 240 Watt Power Hub<br>1x Case | 1.000<br>Units | 9,820.00   | 5.00   |       | \$ 9,329.00 |
