

Agenda Memo

Crest Hill, IL

Meeting Date:	June 26, 2023
Submitter:	Ronald J Wiedeman
Department:	Engineering
Agenda Item:	IGA Weber and Ryan Traffic Signal-UPDATED

Summary: This letter is exactly the same as presented to council at the June 19th workshop. It is being presented to the council again to clarify a statement that I made to the item in bold below. A question was asked by Alderwoman Oberlin as to the cost sharing of repair costs to the existing signals. The response provided was incorrect and is now being clarified. All cost associated with the repair of these traffic signals are to be paid by the city of Crest Hill. The county has no cost responsibilities to these signals.

This is due to the fact that back in 2003 the city requested and was allowed at their own expense the installation of these signals. These signals did not meet any federal requirements for traffic signals at this location but, at that time, the city was looking to attract a development in the area to the east of Weber. The county agreed to install these signals if the city agreed to pay for all maintenance, energy and repair costs. Therefore, the section of the letter below is correctly written.

The existing IGA between the City and the County is to expire this August 21, 2023 for the existing signals at Weber and Ryan Drive.

Attached is a new agreement that has all of the same terms and conditions as the previous IGA. Agreement highlights are as follows:

- Weber Road under the jurisdiction of Will County
- Ryan Drive under the jurisdiction of Crest Hill
- Routine maintenance shall be the responsibility of Will County.
- A portion of said routine maintenance costs will be paid by the City of Crest Hill. The City will be invoiced at a rate of \$150.00 per month billed on a semiannual basis.

- Future maintenance costs shall be invoiced at the same unit price as paid by the County pursuant to the then effective traffic signal maintenance contract(s). Should the unit price as paid by the COUNTY for COUNTY traffic signal maintenance contracts increase, the COUNTY shall provide (30) days written notice of the increase to the CREST HILL.
- **The County will be responsible for repairs due to motor vehicles, weather or any other “Act of God” and shall invoice the CREST HILL for all said costs of repair, less any reimbursement received by the COUNTY from insurance or otherwise, which the COUNTY agrees to use reasonable efforts to pursue.**
- CREST HILL shall be responsible for the energy costs required by the IMPROVEMENTS, for which the COUNTY shall invoice CREST HILL on a semiannual basis. Energy costs invoiced to CREST HILL shall be the same unit price as paid by the COUNTY under the COUNTY energy cost contract in effect at that time. Should the unit price as paid by the COUNTY under the COUNTY energy cost contracts increase, the COUNTY shall provide thirty (30) days’ written notice of the increase to CREST HILL.

Recommended Council Action: Approve a resolution to approve an intergovernmental agreement for the maintenance and energy of traffic signals at the intersection of Weber road (CH88) and Ryan Drive in the County of Will.

Financial Impact:

Funding Source: General Fund (01-03-5351)

Budgeted Amount \$150,000.00

Cost: \$1800 plus Energy Costs
