**\* = Proposed New Committee.**

The purpose of the Finance Committee is to provide short- and long-term financial oversight. This includes budgeting and financial planning, financial reporting, and the creation and monitoring of internal controls and accountability policies and practices. The finance committee is responsible for reviewing the current operating budget, comparing actual to budgeted revenues and expenses, and providing comments and recommendations to the Council and Treasurer based on information received from city staff. They also assist city staff in preparing recommendations for the fiscal year budget to be presented to the Council for review and approval. The full City Council is still responsible for approving policies and the City's budget.

The purpose of the Negotiation Prep Committee is to work with the City Administrator, Labor Attorney(s), and other staff to prepare for negotiations and to consult with the City's management team from time to time. The full City Council is still responsible for providing final direction, guidance and approving CBAs and MOUs.
