The Company shall invoice the owner for the mobilization charge and the monthly progress payments, and each undisputed invoice shall be due and payable by the owner within thirty (30) days of receipt of the invoice. The Company's failure to submit an invoice pursuant to the schedule outlined in this section shall NOT serve as a waiver of Company's right and entitlement to submit an invoice at a later date for any amount(s) that are properly due and payable.
6. **Structure of Asset.** The Company is accepting this Asset under program based upon its existing structure and components. ***Any modifications to the Asset, including antenna installations, shall be approved by Utility Service Co., Inc., prior to installation and may warrant an increase in the annual fee.***
7. **Environmental, Health, Safety, or Labor Requirements.** The Owner hereby agrees that future mandated environmental, health, safety, or labor requirements as well as changes in site conditions at the Asset site which cause an increase in the cost of Asset maintenance will be just cause for modification of this SOW2. 9. **Visual Inspection Disclaimer.** This SOW2 is based upon a visual inspection of the Asset. The Owner and the Company hereby acknowledge and agree that a visual inspection is intended to assess the condition of the Asset for all patent defects. If latent defects are identified once the Asset has been drained for repairs, the Owner agrees and acknowledges that the Company shall not be responsible to repair the latent defects unless the Owner and the Company renegotiate the annual fees. The definition of a "latent defect" shall be any defect of the Asset which is not easily discovered (e.g., corrosion of the floor plates, corrosion in areas not accessible to maintain, damage to the roof of the Asset which is not clearly visible during the visual inspection, etc.).
10. **Warranty:** The Company warrants to Owner ("Warranty"), for a period of one (1) year ("Warranty Period") following the Date of Substantial Completion of the services performed on the applicable asset, that the services: (i) will be performed in accordance with the approved design, plan, and/or specifications, and (ii) will be free from material defects in workmanship under normal and proper use within the Warranty Period ("Covered Defect"). Covered Defects do not include defects caused by fire, war, earthquake, or other earth movement, acts of God, negligence, abuse, the approved design, plan, and/or specifications, alteration, or the presence of gasses or chemicals not typically found in assets of a like-kind. If a defect in workmanship is identified by Owner during the Warranty Period, then Owner shall promptly notify Company of the nature of the defect in writing. Following the receipt of such notice, Company shall inspect the work product to determine if a Covered Defect exists to the reasonable satisfaction of Company. The Company's inspection shall be performed on a date that is mutually agreeable to the Owner, and Company, and the Owner agrees to provide entry to the site and satisfy any other reasonable requests of Company so that it can carry out its inspection. If a Covered Defect exists, Company's sole liability shall be discharged by the Company providing the labor and materials to repair or re-work any part or parts of the work product which prove to be defective. COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES AND ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR PARTICULAR OR SPECIAL PURPOSES. However, notwithstanding the foregoing, Company's warranty does NOT cover the cost of, liability for, or the performance of any repairs or replacements to the Owner's equipment which is required as a result of a coatings failure or any warranty work required under this Proposal. Owner acknowledges and agrees that the limited remedies provided for in this section of the Proposal shall constitute the entire warranty provided by the Company. For purposes of this Warranty, "the Date of Substantial Completion" shall be defined as the date when construction of all the work prescribed by this Proposal is
