Client has not retained the Consultant to make inspections or to provide periodic, continuous or exhaustive Project review and observation services. Consultant's site visits do not include any obligation to identify or notify Client of any jobsite safety issues. Consultant is not obligated to conduct any tests in connection with site visits. If the fixed limit of construction cost is exceeded by the lowest bona fide bid or negotiated proposal by more than 20%, Consultant will at the Client's request, revise the Contract Documents to comply with the project budget at no additional charge. - 7.2 If the Client fails to make payments to the Consultant in accordance with the Agreement, such failure shall be considered failure to substantially perform and cause for termination or, at the Consultant's option and upon not less than seven days' written notice, cause for suspension of performance of services without terminating the Agreement. Consultant shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Consultant shall be compensated for any expenses incurred in the interruption and resumption of the Consultant's services. - 7.5 In the event of termination not the fault of the Consultant, the Client shall, within fifteen days following the termination, pay Consultant for all services performed prior to termination, together with reimbursable and sub-consultant expenses incurred before termination and all Termination Expenses. When such delays occur, the Client agrees Consultant is not responsible for damages, nor shall Consultant be deemed to be in default of the Agreement. To the extent necessary as caused by any delay, Consultant shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.
- 8.4 Project Enhancement. If, due to Consultant's error or omission, any required item or component of the Project is omitted from Consultant's documents, Consultant shall not be responsible for paying the cost to add such item or component to the extent that such item or component would have been otherwise necessary to the Project or otherwise adds value or betterment to the Project.
