Employer Monitoring

City of Crest Hill reserves the right to install security cameras in work areas for specific business reasons, such as security, theft protection or protection of proprietary information.

City of Crest Hill may find it necessary to monitor work areas with security cameras when there is a specific job- or business-related reason to do so. The City will do so only after first ensuring that such action is in compliance with state and federal laws.

Employees should not have any expectation of privacy in work-related areas.

Employee privacy in nonwork areas will be respected to the extent possible. The City's reasonable suspicion of onsite drug use, physical abuse, theft or similar circumstances would be possible exceptions. Legal advice will be sought in advance in such rare cases where nonwork-area privacy might be compromised.

Employees should contact their supervisor or the Human Resources (HR) if they have questions about this policy.

Nothing in this policy is intended to, nor should be construed to limit or interfere with employee rights as set forth under all applicable provisions of the National Labor Relations Act, including Section 7 and 8(a)(1) rights to organize and engage in protected, concerted activities regarding the terms and conditions of employment.

The City will not use any recording as the sole probable cause for employee disciplinary action consideration.
