To: The Members of the City Council, Elected Officials, and the Citizens of the City of Crest Hill

Formal Transmittal of the Annual Comprehensive Financial Report

The Annual Comprehensive Financial Report for the City of Crest Hill, Illinois, for the fiscal year ended April 30, 2024, is hereby submitted. The responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including disclosures, rests with the City of Crest Hill's Treasurer's Office. To the best of our knowledge and belief, the enclosed data is correct, in all material respects, and provides an accurate representation of the financial position and results of operations of the governmental and business-type activities, and the various funds of the City. All disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany its basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and is intended to be read in conjunction with this letter. The City's MD&A can be found following the report of the independent auditors.

The City provides a full range of services. These services include:

- Administration
- Community & economic development
- Building inspection
- Police protection
- Construction and maintenance of roads, streets, and infrastructure
- Water distribution
- Wastewater treatment
- Garbage collection

LOCAL ECONOMIC CONDITION AND OUTLOOK

The City is located in the western portion of Will County, which is ranked as one of the top growth areas in the nation. It is located approximately thirty

miles southwest of Chicago. Housing construction continues to show positive changes in the City's economic future.

Currently, unemployment in Illinois is at 5.3%, and Will County unemployment continues to remain lower than the state at 5%. Although the population in Crest Hill has slightly decreased according to the US Census Bureau, personal income and per capita income continue to steadily rise.

Stateville Correctional Center is located within the Crest Hill City limits. Due to the State of Illinois's fiscal constraints, the City's Water and Sewer fund is carrying an accounts receivable balance of nearly one million dollars at the end of this fiscal year. Stateville is the City's largest customer, however, this outstanding receivable does not have a material impact on the City's current cash flow. The City filed a claim with the Illinois Court of Claims and is working with the Department of Corrections and the Illinois Court of Claims to resolve the receivables which date back prior to June 30, 2021.

FINANCIAL PLANNING

The City's new City Center which houses its Treasurer's Office, Clerk's Office, and Building Department in addition to its Police Department was completed in April 2023 and operations began at the new facility in May 2023. The construction of the City's new City Center (City Hall) and its Public Work's facility which was completed in 2019, were completed without any increase in taxes to the City's residents.

The City established a long-term funding policy in which the City's annual contribution to the Police Pension fund will exceed the amount required by the annual actuarial Police Pension contribution calculation. The City's additional contribution to the City's Police Pension fund will result in full funding of the City's Police pension liability by the statutory required year of 2040.

In 2012, a referendum was approved to increase the sales tax rate in the City by one percent. These revenues provide funding to improve the City's infrastructure, provide additional police protection for the City, and has allowed the City the ability to issue its property owners a 25% tax rebate on the portion of the property taxes paid to the City by the property owner during the calendar year. The Non-Home Rule Sales Tax revenue collected will be earmarked for future infrastructure and building improvement projects within the City.

MAJOR INITIATIVES

At a meeting of the Crest Hill City Council on January 17, 2022, its City Council voted to select Chicago and the Regional Water Commission (RWC) to provide Crest Hill with Lake Michigan water by 2030. Staff continue to work on the varied testing and upgrade requirements to ensure the City will have a high quality, sustainable water supply for generations to come. In the upcoming year, the City intends to continue pursuit of economic development opportunities, continue internal improvements and transparency, and address the City's long-term capital needs. Some of the City's major upcoming construction projects include:

- Phase 1 (preliminary design) of the Crest Hill Truck Route to alleviate traffic congestion on Division Street
- Maintaining street rehabilitation programs
- Replacing aging water mains
- Division Street reconstruction east of Weber Rd.

DEPARTMENT FOCUS

Police officers provide an essential service to the City's community. The Police department's initiatives include the replacement of aging squad cars and upgrading its technology. Through grant funding, in-squad computers and equipment have been recently upgraded. The City's vehicle replacement program continues to provide the City's police officers with safe vehicles and equipment to provide necessary services. The Police department also began upgrading bodycams and implementation of the DACRA administration adjudication software system in continual efforts to ensure public safety.

FINANCIAL INFORMATION AND POLICIES

The management of the City is responsible for establishing and maintaining an internal control structure. This structure is designed to ensure that the assets of the City are protected from loss, theft, or misuse. It is also designed to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

The City's accounting records for governmental funds are maintained on a modified accrual basis. Revenues are recorded when they become measurable and available, and expenditures are recorded when the fund liability is incurred. Accounting records for the City's enterprise funds are maintained on a full accrual basis.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

BUDGETING CONTROLS

The City maintains budgetary controls. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the City Council. The activities of the General Fund, Special Revenue Funds, certain Capital Projects Funds, Enterprise Fund, and Pension Trust Fund are included in the annual operational budget. Project and long-term financial plans are budgeted for in the City's Capital Project Funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the budgeted amount) is established at the individual Fund level.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound fiscal management.

DEBT ADMINISTRATION

The City does not have any general obligation debt which is subjected to a debt limit. The City held its (Stable) AA bond rating from S & P Investor Services. Being a Non-Home Rule community, the City has a limit on its bonding authority.

INDEPENDENT AUDIT

State statute requires that an annual audit is performed by independent certified public accountants. The City selected the accounting firm of Wermer, Rogers, Doran, and Ruzon LLC. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

AWARDS

The City's Fiscal Year 2023 Annual Comprehensive Financial Report was awarded the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the seventh time. The certification is awarded to governmental entities for their Annual

Comprehensive Financial Report for each fiscal year. To be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that the City's current Annual Comprehensive Financial Report meets the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for a certificate for the eighth consecutive year.

ACKNOWLEDGEMENTS

The preparation of the City's Annual Comprehensive Financial Report was made possible by the full cooperation of all Departments within the City as well as our external auditors Wermer, Rogers, Doran & Ruzon, LLC. I would like to especially thank the City's Treasurer, Glen Conklin, the City's Interim Administrator, Anton Graff, Mayor Raymond Soliman, and the members of the City Council, whose guidance and dedication throughout fiscal year 2024, directly contributed to the preservation of the City's financial strength.

I would also like to thank the former Finance Director of Crest Hill, Lisa Banovetz, whose work here at the City of Crest Hill during all of fiscal year 2024 is directly reflected in this financial report. In addition, I would like to thank the newly appointed Finance Director Glenn Gehrke, for his assistance during the final phases of the audit. Lastly, I would like to express my appreciation to the Treasurer's Office and Administration staff, for their dedication and support.

Sincerely,

Erica M. Waggoner

To the Honorable Mayor and Members
of the City Council
City of Crest Hill, Illinois

Independent Auditor's Report

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Crest Hill, Illinois (the City), as of and for the year ended April 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of April 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 1 of the financial statements, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*, in fiscal year 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Pension Schedules for the Illinois Municipal Retirement Fund and the Police Pension Plan, and Other Postemployment Benefits Schedule on pages 4 through 11, 69 through 79, and 80 through 81, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The budgetary comparison information, which is presented as required supplementary information on pages 63 through 68, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The introductory section, other supplementary information, other supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison information, other supplementary information, and other supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information, other supplementary information, and other supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION –
MANAGEMENT’S DISCUSSION AND ANALYSIS**

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

Our discussion and analysis of the City of Crest Hill's financial performance (MD&A) provides an overview of the City's financial activities for the fiscal year ended April 30, 2024. Please read it in conjunction with the City's financial statements, which begin on page 12.

Financial Highlights

The City's financial position increased during 2024 by \$12,517,627 or 14.6%, as a result of this year's operations. Much of the increase was due to the increase in revenues such as property taxes, charges for services, and interest earnings. Net position of our governmental activities increased by \$6,815,473, or 20.1%, while net position of our business-type activities increased by \$5,702,154 or 11.0%.

During the year, the City's governmental activities had revenues of \$19,043,744 and expenses of \$12,296,451, while the City's business-type activities had revenues of \$15,988,383 and expenses of \$10,218,049.

Using This Annual Report

This annual report consists of a series of financial statements. The Statement of Net Position (on page 12) and the Statement of Activities (on pages 13-14) provide information about the activities of the City as a whole and present a long-term view of the City's finances. Fund financial statements start on page 15. For governmental funds, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about the activities for which the City acts solely as a trustee for the benefit of those outside of the government.

The Statement of Net Position and the Statement of Activities

Our analysis of the City as a whole begins on page 6. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. You can think of the City's net position (the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources) as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the City's property tax base and the condition of the City's roads, to assess the overall health of the City.

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- 1) **Governmental Activities** – Most of the City's basic services are reported here, including police protection, highway department, and general administration. Property taxes, state sales taxes, non-home rule sales taxes, and charges for services provide resources for most of these activities.
- 2) **Business-Type Activities** – The City charges fees to customers to help it cover all or most of the costs of certain services it provides. The City's water and sewer system and refuse collection activities are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements begin on page 15 and provide detailed information about the City's General Fund, the Non-Home Rule Sales Tax Fund, the Capital Projects Fund, other governmental funds combined, the City's Water and Sewer Fund, and the Refuse Fund. The fund financial statements do not present the City as a whole. Some funds are required to be established by State law and by bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The City's three kinds of funds – *governmental, proprietary, and fiduciary* – use different accounting approaches.

Governmental Funds – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations to the right of the fund financial statements.

Proprietary Funds – When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are reported in the City's proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for the proprietary funds.

The City as Trustee

Reporting the City's Fiduciary Responsibility

The City is the trustee, or fiduciary, for its employees' pension plan. All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position on pages 22 and 23. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

The City as a Whole

The City's combined net position increased by 14.6% – increasing from \$85,756,906 to \$98,274,533. An increase was seen in both the governmental activities and the business-type activities. The business-type activities increased by 11.0% while the governmental activities increased by 20.1%. The increase in the business-type activities can be attributed mainly to the increase in charges for services and IEPA loan forgiveness. The increase in the governmental activities can be attributed mainly to an increase in the City's revenues such as income taxes and other taxes. Our analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities. These two statements report the City's net position and changes in them:

Current assets consist of cash, investments, and receivables. Capital assets represent long-lived assets such as land, buildings, equipment, and infrastructure that are used in operations and construction in progress. Deferred outflows of resources consist of deferred resources related to pensions and deferred amounts related to refunding of debt. Deferred inflows of resources consist of deferred property taxes and deferred resources related to pensions. Long-term debt consists of bonds, loans, and leases outstanding, compensated absences, other postemployment benefits, and a net pension liability. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was \$11,788,768.

The City's total revenues were \$35,032,127 or 40.9% of beginning net position. The total costs of all programs and services were \$22,514,500 or 26.3% of beginning net position. Our analysis that follows separately considers the operations of governmental and business-type activities.

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

Governmental Activities

Revenues for 2024 for the City's governmental activities were \$19,043,744, up 0.5% from 2023, mainly due to higher charges for services and other taxes. Non-home rule sales taxes were up \$37,543. Non-home rule sales taxes collected by the City made up 11.9% of total governmental revenues. (See further discussion on this topic in the *Economic Factors and Next Year's Budgets and Rates* section later in this MD&A).

State sales taxes and property taxes made up about 18.9% and 14.2% of revenues, respectively. State sales taxes were down 2.7% from 2023 as area sales were lower than the prior year. Property taxes were up 4.6% from 2023. Operating grants and contributions were down \$1,435,558 from 2023 due to recognizing Coronavirus State and Local Fiscal Recovery Funds in 2023. Also, capital grants and contributions were higher by \$69,965.

The governmental activities expenses for 2024 were lower than 2023 levels by 18.8%: mainly due to a decrease in the City's highways and streets expenses. General Government increased by \$435,261. Public Safety had a decrease of \$1,433,804. Highways and Streets function was lower by 36.8%. Public safety made up 42.1% of expenses, which includes police protection and contributions to the police pension fund. Planning and zoning consist of building inspections and tax increment financing activities, which were up 17.4% due to purchased and legal services.

Business-Type Activities

Revenues of the City's business-type activities for 2024 were \$15,988,383, up 11.7% from 2023. Charges for services made up 77.0% of revenues. The increase is primarily due to an increase in water and sewer rates charged to customers. Interest earnings and other general revenues made up the remaining 23.0%. Water/Wastewater utility expenses were higher by 15.4% in 2024. Depreciation expense went from \$1,727,872 in 2023 to \$2,068,024 in 2024.

The City's Funds

As the City completed the year, its General Fund reported a fund balance of \$14,250,869, which was higher than last year's total of \$12,981,028. The year end fund balance as compared to the fund's total expenditures for the year provides the fund with just over 13 months of reserves for future expenditures. Revenues were higher in 2024 than 2023 by \$1,403,917, due mainly to an increase in other stated licenses and permits and net investment income. Expenditures in the General Fund were higher by \$1,960,467, with increases being seen mainly in general government and public safety. The City provided the Police Pension Fund with a contribution of \$1,969,339.

The Non-Home Rule Sales Tax Fund is in its twelfth year of operations for fiscal year 2024. The fund is used to record the receipt of the approved one percent sales tax. Taxes (on the modified accrual basis) went from \$2,213,445 in 2023 to \$2,256,246 in 2024. Expenditures from the fund included economic incentives and property tax rebates. The fund ended the year with a fund balance of \$4,588,534.

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

The Capital Projects Fund is in its ninth year of operations for fiscal year 2024. The fund is used to record transfers from other funds to be used for major City projects. The City spent \$4,664,379, mainly on facility construction, during the year ended April 30, 2024. The fund ended the year with a fund (deficit) of \$6,466,857. Future revenues and transfers are anticipated to eliminate this deficit.

General Fund Budgetary Highlights

Over the course of the year, the City Council may revise the City's budget. Budget amendments fall into three categories. The first category includes rollovers of certain prior year unexpended funds. The second category includes budget revisions made during the year for special projects for which funds became available. The third category is for final budget revisions that are intended to prevent budget overruns. The City did amend the budget in September of 2023 and March of 2024.

The actual expenditures for the General Fund were \$298,666 less than the final budget amounts. There were positive line-item variances throughout the fund, many of which were in the areas of salaries and insurance benefits.

The actual revenue was more than budgeted amounts for the General Fund by \$2,052,974. The most significant variance was a positive variance of \$948,069 in property taxes due to an increase in property tax rates.

Capital Assets and Debt Administration

Capital Assets

At the end of 2024, the City had a total of \$130,241,091 in capital assets net of depreciation and amortization. Capital assets included land, construction in progress, site improvements, buildings, equipment, water and sewer system, vehicles, infrastructure, and intangible equipment and software. (See Table 3 below.)

MANAGEMENT'S DISCUSSION AND ANALYSIS
 April 30, 2024

Significant current year additions include just over \$19.4 million in the city hall project completion. More detailed information about the City's capital assets is presented in note six to the financial statements.

Debt Administration

At year end, the City had \$43,228,951 in bonds and loans outstanding versus \$33,725,259 last year – a increase of 28.2%. Table 4 below shows all long-term debt outstanding at April 30, 2024.

Total	\$ 27,376,420	\$ 33,674,545	\$ 61,050,965

The bonds and the Illinois Environmental Protection Agency (IEPA) loans outstanding were issued in the current and prior years to provide for the construction and improvement of water supply facilities and wastewater treatment plants and construction of a new city hall and police station. The City's most recent bond issue received a rating of AA from S&P rating service.

The City is repaying the IEPA loans from water and sewer revenues over a thirty-year period with interest rates ranging from 0.63% to 1.25%. More detailed information about the City's long-term debt is presented in note ten to the financial statements.

The City began reporting a net pension liability in accordance with GASB Statement 68 in 2016. The total liability at April 30, 2024 is \$11,529,243. The City began reporting a net OPEB liability in accordance with GASB Statement 75 in 2018. The total liability at April 30, 2024 is \$5,605,395.

Economic Factors and Next Year's Budgets and Rates

The City's elected and appointed officials considered many factors when setting the fiscal year 2025 budget, tax rates, and fees that would be charged for the business-type activities. Economic factors include population growth and the unemployment rate. Based on the 2010 census, the City's population now exceeds 20,000 and continued growth is expected. Unemployment for Will County increased from 3.70% in 2023 to 5.00% in 2024.

CITY OF CREST HILL, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2024

On March 20, 2012, voters in the City approved a referendum to increase the sales tax rate in the City by 1%. The increase was effective as of July 1, 2012. A portion of the increased revenue has been used to provide property owners an annual rebate check of 25% on the City's portion of the property tax bill; the eleventh annual checks were sent out in the spring of 2024. Additionally, the tax has provided funding to improve the City's storm sewer system, repairs to City streets, and an increase in the number of police officers. Revenues from the additional tax for fiscal year 2024 were \$2,256,246.

The City implemented a long-range plan for a fully funded police pension by 2038. The plan includes adding \$150,000 to that fund each year for the next ten years, which is above the requested annual amount. State law requires police pension funds be 90% funded by 2040.

Beginning in 2017, the City no longer required residents to purchase vehicle stickers, which resulted in a drop in annual revenues of approximately \$75,000.

These indicators were taken into account when adopting the budget for fiscal 2025. On April 15, 2024, the City Council adopted the 2025 budget, which showed total budgeted revenues (including transfers) of \$52,645,804 and total budgeted expenditures (including transfers) of \$59,221,916, to allow for capital spending from accumulated resources.

As for the City's business-type activities, the Water and Sewer Fund's budget showed total budgeted revenues (including transfers) of \$31,893,024 and total budgeted expenses (including transfers) of \$37,152,420 for fiscal 2025. Major water and wastewater projects highlight the 2025 schedule, including well repairs and water main replacements. Compliance with the Clean Water Act and the Safe Drinking Water Act requirements will require the continued construction of major facilities in 2024-2025.

The real estate tax levy was established at a level that resulted in a decrease in the real estate tax rate. Because of an increase in the City's assessed valuation, the increase in the total levy necessitated a lower real estate tax rate. The City expects to collect \$2,825,195 in property tax in calendar year 2024 based on the extension by Will County for the 2023 taxes (the amount reported as property taxes receivable). The tax cap legislation passed by the Illinois General Assembly for taxing districts has limited the growth in the extended tax levy. The tax caps will affect the City's future levies for all non-debt related purposes.

Reconciliation of the Statement of Revenue, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended April 30, 2024

Net Change in Fund Balances - Governmental Funds (from Adjoining Page)	\$	341,408
<i>Amounts reported for governmental activities in the Statement of Activities are different because:</i>		
Some revenues were not collected for several months after the close of the fiscal year and therefore were not considered to be "available" and are not reported as revenue in the governmental funds. This is the change in taxes receivable from fiscal year 2024 to 2025.	(7,913)
Governmental funds report the costs of capital assets as expenditures. However, in the Statement of Activities, the cost of those assets are depreciated over their estimated useful lives as depreciation/amortization expense. This is the amount of capital outlays and other expenditures resulting in new capital assets in the current period.		4,812,421
This is the amount of depreciation/amortization recorded in the current period.	(1,480,378)
Repayment of debt principal on leases payable is an expenditure in the governmental funds, but the repayment reduced long-term liabilities in the Statement of Net Position.		103,251
Repayment of debt principal on bonds is an expenditure in the governmental funds, but the repayment reduced long-term liabilities in the Statement of Net Position.		390,000
Current year expenses relating to long-term assets, liabilities and deferred amounts are reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported in the governmental funds.

CITY OF CREST HILL, ILLINOIS

Notes to Basic Financial Statements
April 30, 2024

1. Summary of Significant Accounting Policies

Introduction

The City of Crest Hill, Illinois (the City) was incorporated January 22, 1960. The City is a non-home rule unit and operates under the Council / Mayor form of government. The City Council is composed of the Mayor and eight aldermen. The City provides services to the community that includes police, water and wastewater utility, street maintenance, garbage collection, and general services.

The financial statements of the City of Crest Hill, Illinois are prepared in accordance with Accounting Principles Generally Accepted in the United States of America (USGAAP). USGAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by the GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The accompanying financial statements present the City of Crest Hill, Illinois (the primary government) and its component unit. The financial data of the component unit is included in the City's reporting entity because of the significance of its operational relationship with the City.

Component Unit That is Fiduciary in Nature

The Police Pension Fund of the City of Crest Hill is an Illinois local government, as such, it is a separate legal entity with its own management and budget authority. This fund exists solely to provide pension benefits for the City's police officers and beneficiaries. The financial statements of the Pension Fund as of and for the fiscal year ended April 30, 2024, are presented in the City's basic financial statements as a pension trust fund. Although the Pension Fund prepares an annual report for submission to the Illinois Department of Insurance, it does not prepare separately issued component unit financial statements.

No other agencies or units of local government meet the criteria of Governmental Accounting Standards Board (GASB) Statement Numbers 14, 39 or 61 for inclusion in the reporting entity as a component unit.

1. Summary of Significant Accounting Policies

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other nonexchange revenue. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The City's funds are organized into three major categories: governmental, proprietary, and fiduciary. Fund financial statements report detailed information about the City. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting on funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. The City's expendable financial resources (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the City's governmental funds:

General Fund - The General Fund (a major governmental fund) is the general operating fund of the City. It is used to account for and report all financial resources not accounted for and reported in another fund.

Non-Home Rule Sales Tax Fund - The Non-Home Rule Sales Tax Fund (a major governmental fund) is a special revenue fund used to record the receipt of the City's additional one percent sales tax. Additional revenue sources include grants and interest revenues. Outflows from the fund are to be used for hiring new police officers, infrastructure improvements, and rebating one-fourth of the City's property taxes to the citizens of the City.

Capital Projects Fund - The Capital Projects Fund (a major governmental fund) is a capital projects fund used to record the expenditures of the City for major projects. Sources include transfers from other funds and interest revenues.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

1. Summary of Significant Accounting Policies

Debt Service Funds - Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest of general long-term debt and related costs.

Capital Projects Funds - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary Funds

Proprietary funds are used to account for the City's ongoing activities, which are similar to those often found in the private sector. The measurement focus is based upon determination of net income.

Enterprise Funds – The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the City is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City maintains two major enterprise funds.

The Water and Sewer Fund – This fund accounts for the revenue and expense related to providing a safe, potable water supply for domestic and industrial usage and for maintaining a dependable system for collecting and treating the wastewaters of the City.

The Refuse Fund – This fund accounts for the revenue and expense related to providing municipal waste collection services to the citizens of the City. Prior to 2016, refuse services were accounted for in the City's General Fund.

Fiduciary Funds (Not Included in Government-Wide Statements)

Fiduciary funds are used to account for assets held by the City in a trustee capacity.

Trust Funds - Trust Funds of the City include a Pension Trust Fund. The Pension Trust Fund is accounted for in essentially the same manner as proprietary funds since preservation of capital is critical.

The pension trust fund is the Crest Hill Police Pension Fund, which accounts for municipal contributions and contributions from participants used to fund the pension plan and payments to retirees and beneficiaries in accordance with the Illinois Pension Code.

Measurement Focus and Basis of Accounting

Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined in item b. below.

CITY OF CREST HILL, ILLINOIS

Notes to Basic Financial Statements
April 30, 2024

1. Summary of Significant Accounting Policies

In the fund financial statements, the “current financial resources” measurement or the “economic resources” measurement is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets, liabilities, and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

Government-Wide Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between expenses and program revenues for each governmental program and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

The City has reported three categories of program revenues in the Statement of Activities (1) charges for services, (2) program-specific operating grants and contributions, and (3) program-specific capital grants and contributions. Program revenues are derived directly from the program itself or from external sources, such as the State of Illinois; they reduce the net cost of each function to be financed from the City’s general revenues. For identifying the function to which program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

1. Summary of Significant Accounting Policies

Eliminations have been made in the Statement of Net Position to remove the “grossing-up” effect on assets and liabilities within the governmental and business-type activities’ columns for amounts reported in the individual funds as interfund receivables and payables, if any. Similarly, transfers between funds have been eliminated in the Statement of Activities. Amounts reported in the activities’ columns as receivable from or payable to fiduciary funds have been reclassified in the Statement of Net Position as accounts receivable or payable to external parties.

Governmental Funds

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectable within sixty days, or soon enough thereafter to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for principal and interest on long-term liabilities which are reported when due.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include taxes, grants, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied (see note 2).

Non-home rule sales tax and shared revenues remitted from the State of Illinois, such as state income tax, replacement tax, sales tax, and state motor fuel tax allotments, are recognized when they become a liability to the State, prior to disbursement to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. Revenue from nonexchange transactions must also be available before it can be recognized. Revenues considered to be susceptible to accrual include taxes, intergovernmental revenue, certain charges for services and interest income.

Licenses and permits, charges for services, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

Proprietary and Fiduciary Funds

All proprietary and fiduciary funds are accounted for using the accrual basis of accounting.

Proprietary funds account for operations that are primarily financed by user charges. The economic resources focus concerns determining costs as a means of maintaining the capital investment and management control.

Their revenues are recognized when earned and expenses are recognized when the liability is incurred, or economic asset used. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year-end.

1. Summary of Significant Accounting Policies

Proprietary funds separate all activity into two categories: operating and non-operating. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses - generally revenues from other governments and interest.

Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to the end of the first quarter (July 31st), the Mayor submits to the City Council a proposed operating budget and an appropriations ordinance for the fiscal year commencing May 1st. The operating budget and appropriations ordinance includes proposed expenditures and estimated revenues.
- 2) The City Council holds public hearings to discuss the proposed appropriations ordinance and budget.
- 3) After approval of the budget by the City Council, it is officially adopted by ordinance. State statutes and local ordinances require that the appropriations ordinance be approved by the end of the first quarter of the current fiscal year.
- 4) Revisions to the budget line items within a fund can be authorized by the City Council. Revisions to the budget between funds may be made in accordance with the Illinois Compiled Statutes (65 ILCS 5/8), requiring two-thirds vote of the City Council. The legal level of control is at the individual fund level. All unencumbered appropriations lapse at year-end.
- 5) Formal budgetary integration is employed as a management control device during the year for the following funds: General Fund, Non-Home Rule Sales Tax Fund, Capital Projects Fund, Motor Fuel Tax Fund, Larkin & Route 30 TIF Fund, Weber Division TIF Fund, Police Special Assets Fund, General Debt Service Fund and the Capital Replacement Fund through an internal reporting system. Although not legally required under Illinois Statutes, the City also prepares budgets as a control device for the proprietary funds and the pension trust fund. Such budgetary integration permits the City's department managers to monitor actual revenues and expenses relative to budgets on an ongoing basis throughout the year.
- 6) The budget for each fund is prepared on the basis of accounting which does not differ materially from the method of accounting described in the "Basis of Accounting". The Enterprise Funds do not budget for depreciation expense.

Cash and Cash Equivalents

Cash, as presented in the Statement of Cash Flows for the City's Enterprise Funds, consists of demand deposit accounts and petty cash funds. Investments in certificates of deposit, which may or may not have initial maturities of less than three months, are considered to be investments rather than cash.

1. Summary of Significant Accounting Policies

Investments

Investments of the City are carried at fair value (see note 3). Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value.

Customer Accounts and Unbilled Receivables

Estimated sales for water, wastewater usage and waste collection, which are unbilled at year-end, are recognized as current year revenue and are included in "Customer Accounts Receivable" and are recorded net of an allowance for uncollectible accounts.

Interfund Transactions

The City has the following types of interfund transactions:

Loans – amounts provided with a requirement for repayment. Interfund loans are reported as interfund receivables (due from other funds) in lender funds and interfund payables (due to other funds) in borrower funds.

Services Provided and Used – sales and purchases of goods and services between funds for a price approximating their external exchange value. Interfund services provided and used are reported as revenues in seller funds and expenditures/expenses in purchaser funds. Any unpaid amounts are reported as interfund receivables and payables in the fund balance sheets or Statement of Net Position.

Reimbursements – repayments from the funds responsible for particular expenditures/expenses to the funds that initially paid for them. Reimbursements are reported as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the reimbursed fund.

Transfers – flows of assets (typically cash) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.

Capital Assets and Depreciation of Capital Assets

Capital assets are stated on the basis of historical cost (or estimated historical cost if actual historical cost is not readily ascertainable) based on a valuation performed by an external appraisal company during the prior fiscal year. Major capital asset additions were financed primarily from debt proceeds. Assets acquired through gifts or donations are recorded at their estimated acquisition value at the time of acquisition. The City has established a capitalization threshold of \$10,000 for infrastructure improvements, \$5,000 for land improvements, buildings, and water and sewer systems, and \$1,000 for equipment. Under GASB Statement No. 34, the City was only required to report infrastructure (roads, bridges, etc.) prospectively. The City is working towards retroactively reporting all infrastructure acquired prior to April 30, 2004 (the date of GASB 34 implementation), however, as of April 30, 2024 such infrastructure is not reported.

1. Summary of Significant Accounting Policies

Land and construction in progress are not depreciated. Depreciation has been provided over the estimated useful lives of the remaining capital assets using the straight-line method. The estimated useful lives are shown below:

Land Improvements	8 to 15 Years
Buildings	50 Years
Water and Sewer Systems	40 Years
Equipment	10 to 15 Years
Infrastructure	50 Years

Leased Assets and Amortization of Leased Assets

Leased assets reported in the government-wide financial statements are defined as contracts that convey control of the right to use another entity's nonfinancial asset (the underlying asset), as specified by the contract, for a period in an exchange transaction. Leased assets are valued at the net present value of the payment stream adjusted for payments made prior to commencement of the lease, initial direct costs, and lease incentives received on or before the commencement date. Leased assets not included in the government-wide financial statements include short term leases and leases that transfer ownership.

All reported leased assets are amortized. Amortization of leased assets is recorded as an allocated expense in the Statement of Activities, with accumulated amortization reflected in the Statement of Net Position. Amortization is computed using the straight-line method over the shorter of the lease term or the useful life of the asset.

Lease payments are reflected as expenditures in governmental funds.

Employee Compensated Absences

Employee vacation and personal time, for which the employees are eligible to receive termination payments, are recorded as a liability in the Statement of Net Position. Such amounts are recorded as expenditures/expenses in the fund that the respective employee's salary is paid from when the liabilities come due. All earned compensated absences must be used before the end of each calendar year or such benefits are lost.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Illinois Municipal Retirement Fund (IMRF) and the Police Pension Plan and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by those plans, respectively. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balances

The City's fund balances are required to be reported using five separate classifications as listed below – not all categories may apply in a given fiscal year.

Nonspendable fund balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification may include inventories, prepaid amounts, property held for resale, and long-term receivables.

Restricted fund balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance - Amounts that can only be used for specific purposes because of a formal action (ordinance) by the City's highest level of decision-making authority, the City Council.

Assigned fund balance - Amounts that are constrained by the City's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the City Council, or by an official to whom that authority has been given. The City has taken formal action to create each of the City's funds reported in the financial statements, thereby assigning those resources for the purpose for which the fund was established. With the exception of the General Fund, any non-negative year end fund balance that is not reported as nonspendable, restricted, or committed is reported as assigned.

Unassigned fund balance - This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Details of fund balances are presented in Note 13.

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition/construction of those assets. Net position is reported as restricted when constraints placed on its use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

CITY OF CREST HILL, ILLINOIS

Notes to Basic Financial Statements
April 30, 2024

1. Summary of Significant Accounting Policies

Use of Resources Policy

The City considers restricted amounts to have been spent first when expenditures are incurred for purposes for which both restricted and unrestricted balances are available. Committed, assigned, and unassigned amounts are considered to have been spent in that order from governmental funds, when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. Expenditures incurred for a specifically identified purpose will reduce the specific identified classification of fund balance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

New Accounting Pronouncement

The City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Agreements*, in fiscal year 2024. The adoption of this GASB statement required the City to recognize certain subscription-based assets and subscription-based liabilities in the Statement of Net Position. A subscription-based information technology arrangement (SBITA) is a contract that conveys control of the right to use another party's IT assets, as specified in a contract for a period of time in an exchange or exchange like transaction.

2. Property Taxes

Property taxes are levied each year on all taxable real property located in the City. The amounts recorded as revenue for fiscal year 2024 represent the taxes from the 2022 and prior year levies that have been collected by Will County and have been distributed to the City within sixty days of year end. The budget and appropriations ordinance anticipate that the 2023 property tax levy will be used to finance fiscal year 2025 expenditures. The 2023 levy, which was approved on by the City Council on October 3, 2023, has been recognized as a receivable as of April 30, 2024, but recognition as revenue has been deferred to 2025. Property taxes receivable for prior years are immaterial and are not recorded.

Based on past experience, an allowance for estimated collection losses (1% of the extended levy) has been recorded to reduce the property taxes receivable to the estimated amounts collectible.

Property taxes are levied before the last Tuesday in December and attach as an enforceable lien on property on January 1st and are payable in two installments on or about June 1st and September 1st subsequent to the year of levy. All of the City's governmental funds account for property taxes as described above.

3. Cash and Investments

The City is authorized by the Illinois Compiled Statutes to invest in: obligations of the U.S. Treasury, its agencies and instrumentalities; savings accounts, certificates of deposit, or time deposits that are direct obligations of any bank that is insured by the Federal Deposit Insurance Corporation; commercial paper noted within the three highest classifications by at least two standard rating services; obligations of states and their political subdivisions; shares or other securities issued by savings and loan associations which are insured by the Federal Savings and Loan Insurance Corporation; insured accounts of a credit union whose principal office is located in the State of Illinois; Illinois Funds Money Market Fund; money market mutual funds where the portfolio is limited to U.S. Government Securities; and repurchase agreements where the City or its authorized third party agent takes possession of the securities.

The City pools its cash and investment accounts. Deposits are carried at cost. These amounts are displayed in the financial statements as "Cash" or as "Investments".

Cash Deposits

	Carrying Amount			Total Bank Balance
	Checking and Savings Accounts	Certificates of Deposit	Total	
All City Funds Other Than Police Pension Fund	\$ 15,593,669	\$ 6,049,358	\$ 21,643,027	\$ 23,686,652
Police Pension Fund	17,811	-	17,811	17,811
Total	<u>\$ 15,611,480</u>	<u>\$ 6,049,358</u>	<u>\$ 21,660,838</u>	<u>\$ 23,704,463</u>

Custodial Credit Risk - this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. At April 30, 2024, the City's and the Pension Fund's investment policies required collateralization of deposits or investments in excess of federal insurance. As of year-end, all of the City's deposits were either insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 or collateralized with securities held in the City's name by financial institutions acting as the City's agent. Excluded from these amounts is cash on hand of \$1,600.

City's Investments

At April 30, 2024, the City (not including the Police Pension Fund) maintained a total of \$4,993,097 of investments which was comprised of U.S. Treasuries.

Fair Value Measurement - Investments are measured at fair value on a recurring basis. The City categorizes their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The City had the following recurring fair value measurements as of April 30, 2024:

CITY OF CREST HILL, ILLINOIS

Notes to Basic Financial Statements

3. Cash and Investments

Investments by Fair Value Level	Fair Value	Fair Value Measurements Using		
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
U.S. Treasury Notes	\$ 4,993,097	\$ -	\$ 4,993,097	\$ -
Total Investments by Fair Value Level	\$ 4,993,097	\$ -	\$ 4,993,097	\$ -

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The investment policies as it pertains to custodial credit risk for investments were outlined above. The investments held in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk - The City does not place a limit on the amount that may be invested in any one issuer, however, diversification of the investment portfolio must be appropriate as to the nature and purpose of the funds using the "prudent person rule".

Interest Rate Risk – For the City, the City Treasurer will diversify the City investments by security type, institution, and maturity by diversifying the City's investments to the best of the City Treasurer's ability based on the types of funds invested and the cash flow needs of those funds. To the extent possible, the City shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than one year from the date of purchase.

At April 30, 2024, the City's fixed income investments, maturities (using the segmented time distribution method) and fair values were as follows:

Investment Description	Total Fair Value 4/30/2024	Investment Maturities			
		Less Than One Year	One to Five Years	Five to Ten Years	Over Ten Years
<i>City</i>					
U.S. Treasury Notes	\$ 4,993,097	\$ 4,993,097	\$ -	\$ -	\$ -
Total Investments by Fair Value Level	\$ 4,993,097	\$ 4,993,097	\$ -	\$ -	\$ -

Credit Risk - The City's formal investment policy limits its investment choices to those referred to in the Public Funds Investment Act.

Police Pension Investments

The Illinois Police Officers' Pension Investment Fund (IPOPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate police pension funds. IPOPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IPOPIF by Illinois suburban and downstate police pension funds is mandatory. Investments of the Fund are combined in a commingled external investment pool and held by IPOPIF. A schedule of investment expenses is included in IPOPIF's annual report. For additional information on IPOPIF's investments, please refer to their annual comprehensive financial report as of June 30, 2023. A copy of that report can be obtained from IPOPIF at 456 Fulton Street, Suite 402, Peoria, Illinois 61602 or at www.ipopif.org. The Fund transferred all eligible assets, except cash and money market mutual funds, to the Investment Fund on December 1, 2022.

IPOPIF's current investment policy was adopted by the Board of Trustees on December 17, 2021 and last revised on April 12, 2024. IPOPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IPOPIF shall not be subject to any of the limitations applicable to investments of pension fund assets by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 3 of this Code.

As of April 30, 2024, the Pension Fund has \$28,073,902 invested in IPOPIF, which is measured at the Net Asset Value (NAV) per share as determined by the Pool. The pooled investments consist of the investments as noted in the target allocation table available at www.ipopif.org.

As of April 30, 2024, the Pension Fund has \$281,892 invested in money market mutual funds which had investment maturities of less than one year and were rated AAA by Standard & Poor's rating agency. The money market mutual funds were registered in the name of the Pension Fund.

4. Individual Fund Disclosures

Generally accepted accounting principles require disclosure of certain information concerning individual funds (which are presented only in combination in the basic financial statements). Funds which over-expended the adopted budget during the year and funds with deficit fund equity are required to be disclosed. Interfund information is also required.

Excess Over Budget

The budget information is presented in this report in all cases where annual appropriations are required. Unexpended budgeted amounts lapse at the end of the budget year. Spending control for most funds is established by the amount of expenditures budgeted for the fund, but management control is exercised at budgetary line-item levels.

4. Individual Fund Disclosures

During the year ended April 30, 2024, the Non-Home Rule Sales Tax Fund and the Debt Service Fund incurred expenditures in excess of budgeted expenditures in the amounts of \$13,075 and \$106,250, respectively. The Police Pension Fund incurred deductions in excess of budgeted deductions in the amount of \$79,335.

Deficit Fund Equity

At April 30, 2024, the Weber Road TIF Fund, the Weber Division TIF Fund, and the Capital Projects Fund had deficit fund balances of \$477,797, \$25,854, and \$6,466,857, respectively. Future revenues and transfers are anticipated to eliminate the deficits.

Interfund Loans

At April 30, 2024, the Capital Projects Fund, the Weber Road TIF Fund, the Larkin and Route 30 TIF Fund, and the Weber Division TIF Fund owed the General Fund, \$6,458,807, \$292,793, \$33,575, and \$25,854 respectively for a total of \$6,811,029. The interfund loans were made to offset temporary negative cash positions. Additionally, the General Fund owed the Motor Fuel Tax Fund \$37,656. The loans are expected to be repaid during the fiscal year ending April 30, 2025.

Transfers

Generally, transfers occur to meet the operating purposes of another fund. The following significant transfers were made during the fiscal year: the Non-Home Rule Sales Tax Fund transferred \$771,350 to the General Debt Service Fund to pay principal and interest on the Series 2019B General Obligation Bonds, the Non-Home Rule Sales Tax Fund transferred \$971,400 to the Capital Projects Fund to pay for capital projects, and the General Fund transferred \$741,800 to the Capital Projects Fund to pay for capital projects.

7. Employee Retirement Systems and Plans

Illinois Municipal Retirement Fund

The City's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The City's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by forty-eight. Under Tier 1, the pension is increased by 3% of the original amount on January 1st every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any ninety-six consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1st every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Contributions

As set by statute, the City's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual contribution rate for calendar year 2023 was 5.3% for the Regular Plan and 12.49% for the SLEP Plan. For the fiscal year ended April 30, 2024, the City contributed \$170,216 to the Regular Plan; no contributions were made for SLEP. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset)

The City's net pension liability/(asset) was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2023:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2023 valuation pursuant to an experience study of the period 2020 to 2022.
- For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021 were used. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

7. Employee Retirement Systems and Plans

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

Asset Class	Target Percentage	Long-Term Expected Real Rate of Return
Domestic Equity	34.50%	5.00%
International Equity	18.00%	6.35%
Fixed Income	24.50%	4.75%
Real Estate	10.50%	6.30%
Alternative Investments	11.50%	6.05-8.65%
Cash Equivalents	1.00%	3.80%
Total	100.00%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2023. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.77%, and the resulting single discount rate for the regular plan is 7.25% and the resulting single discount rate for the SLEP plan is 7.25%.

Police Pension Plan

Plan Description

The City contributes to a single employer defined benefit pension plan: the City of Crest Hill Police Pension Plan (Plan) or (Fund). The Plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries as defined in 40 ILCS 5/Article 3. Retirement benefits vary depending on salary, length of service, and date of membership in the Plan. Sworn Police are covered by the Plan. The Plan is part of the City's financial reporting entity and is included in the City's financial report as a pension trust fund. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution requirements are governed by Illinois Compiled Statutes and may only be amended by the Illinois legislature. The Police Pension Plan is administered by the Police Pension Board of Trustees. Two members of the Police Pension Board are appointed by the City's Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

Participating employees are required to contribute 9.91% of their salary to the Plan. If a participating employee leaves the covered employment, other than due to employment connected disability or death, before 20 years of credited service, accumulated employee contributions are refundable to the employee. The City is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Plan. For the year ended April 30, 2024, the City's contributions were 62.28% of covered payroll for the Plan.

Rather than use annual actuarial information provided by the Illinois Division of Insurance, the Plan has commissioned its own actuarial study by Lauterbach & Amen, LLP of Wheaton, Illinois. Lauterbach & Amen, LLP bases the information that is included in the required supplementary information on actuarial calculations.

At April 30, 2024 (the date of the latest actuarial valuation), membership in the Plan consisted of the following:

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The Police Pension Fund is a pension trust fund and is accounted for by the accrual basis of accounting. Employee and employer contributions are recognized as additions when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method Used to Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value. Details regarding cash and investments are disclosed in note three.

Net Pension Liability

The components of the net pension liability of the Police Pension Plan as of April 30, 2024 were as follows:

Total Pension Liability	\$ 39,107,700
Plan Fiduciary Net Position	<u>28,375,145</u>
Net Pension Liability	<u><u>\$ 10,732,555</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	72.56%

See the schedule of changes in the employer's net pension liability and related ratios in the required supplementary information for additional information related to the funded status of the Plan.

Actuarial Assumptions

The total pension liability for the Plan was determined by actuarial valuation as of May 1, 2023 based on a measurement date of April 30, 2024, using the following actuarial assumptions:

Valuation Date: May 1, 2023 - The actuarially determined contributions are calculated as of May 1st, two years prior to the valuation date - the amount reported for April 30, 2024 is from the May 1, 2022 actuary's report completed by Lauterbach and Amen, LLP for the tax levy recommendation for the December, 2022 tax levy.

Discount Rate

A Single Discount Rate of 6.75% was used to measure the total pension liability for the Police Pension Plan. The projection of cash flows used to determine this Single Discount Rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). For the purpose of the most recent valuation, the expected rate of return on plan investments is 6.75%; the municipal bond rate is 4.07%; and the resulting Single Discount Rate is 6.75%.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 6.75% for the Police Pension Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
City's Net Pension Liability	\$ 16,501,521	\$ 10,732,555	\$ 6,029,692

Investment Rate of Return

For the year ended April 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.57% for the Plan. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended April 30, 2024, the City recognized pension expense of \$1,347,086 for the Police Pension Plan.

At April 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources

Funding Policy

The City funds its contributions to the Police Pension Plan through an annual tax levy. The levy amount is actuarially determined as the annual contribution necessary to fund the normal costs, plus the amount to amortize the unfunded accrued liability. The annual required contributions for the year ended April 30, 2023 were levied for the 2023 tax levy and will be collected during the fiscal year ending April 30, 2025.

The General Fund and Water and Sewer Fund have been used in prior years to liquidate IMRF related pension liabilities. Police pension related pension liabilities are liquidated by the General Fund only.

8. Postemployment Benefits Other Than Pensions

The City administers a single employer defined benefit healthcare plan, the "Retiree Healthcare Benefit Program" or "the Plan".

Plan Description

The Plan provides healthcare insurance for eligible retirees and their dependents through the City's group health insurance plan, which covers both active and retired members. Benefit provisions are established through negotiations between the City and the unions representing City employees and are renegotiated each bargaining period. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan does not issue a stand-alone financial report.

Benefits Provided

The City is legally required to offer postemployment healthcare benefits to former employees and retirees. Former employees, who are not retirees, are provided healthcare benefits mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). Former employees, who are qualified under COBRA, may apply for coverage by the City's health plan. The cost is 100% funded on a monthly pay-as-you-go basis by the former employee based upon the actual cost of the health plan for the chosen level of coverage.

Illinois statutes mandate that a municipal government must offer its retirees a health insurance plan equivalent to that offered to active employees. Illinois statutes enable a government to make the health plan benefits supplemental to Medicare and to offer these supplemental benefits at a different retiree contribution rate than regular benefits provided by the group plan. State statutes do not presently require the government to pay any portion of the cost of the plan for retired employees.

Retired employees covered under the City's plan are required to pay 100% of the cost of their insurance based on the rates paid by the City. Retired employees must be covered under the City's health insurance plan at the time of retirement to receive this benefit and must continue coverage with the City's plan to maintain this benefit.

The employer shall provide retiree insurance to all covered employees and will pay 50% of the cost of the HMO Single or HMO Single+1 for any employee who retires with a minimum of 20 years of service in the Crest Hill Police Department and is at least 50 years of age. When those retired employees attain the age of 55, the City will pay 75% of the cost of HMO+1 or 90% of the HMO Single program until the employee reaches Medicare eligibility. For those employees who retire with a minimum of 20 years of service in the Crest Hill Police Department and is at least 55 years old, the City will pay 75% of the cost of HMO+1, or 90% of the cost of HMO Single until the employee reaches Medicare eligibility.

For an employee eligible for retirement (regardless of age) that retires at the end of the year the contract is ratified, the City will pay 75% of the HMO+1 insurance coverage until Medicare eligibility, or 90% of the HMO single until Medicare eligibility.

Employees may also be covered under the Public Safety Employee Benefits Act (PSEBA). The PSEBA statute grants special health insurance to public safety employees who are catastrophically injured in the line of duty. Once awarded, the recipient, their spouse, and dependent children receive health insurance, the premium of which is paid for by the City for life.

Funding Policy

All plan funding is done on a pay-as-you-go basis. For fiscal year 2024, the City contributed \$180,856 to the Plan.

Employees Covered by Benefit Terms

At April 30, 2024, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	6
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	<u>72</u>
Total	<u><u>78</u></u>

Eligibility

The eligibility requirements for benefits are:

- IMRF participants are eligible at age 55 with 8 years of service for reduced benefits and at age 60 with 8 years of service or age 55 with 35 years of service for unreduced benefits if hired before January 1, 2011; age 62 with 10 years of service for reduced benefits and at age 67 with 10 years of service or age 62 with 35 years of service for unreduced benefits is hired on or after January 1, 2011.
- Tier I full-time police officers are eligible at age 50 with 20 years of service. Tier II full-time police officers are eligible at age 55 with 10 years of service.

Dependents of employees and retirees are eligible for healthcare coverage.

Total OPEB Liability

The City's total OPEB liability of \$5,605,395 was measured as of April 30, 2024 and was determined by an actuarial valuation as May 1, 2024.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the May 1, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method:	Entry Age Normal.
Payroll Increases:	3.00%.
Retirement Age:	Experience-based table of rates that are specific to the type of eligibility condition.
Healthcare Trend Rates:	Beginning fiscal year 2024, 6.8% for PPO graded down to 5.0% per year ultimate trend. Beginning fiscal year 2024, 7.6% for HMO graded down to 5.0% per year ultimate trend.
Plan Participation Rate:	PPO 70%, HMO 30%.

OPEB Expense/(Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended April 30, 2024, the City recognized OPEB income of \$2,504,237.

At April 30, 2024, there were no deferred outflows of resources and deferred inflows of resources related to OPEB.

The General Fund and Water and Sewer Fund have been used in prior years to liquidate other post-employment benefit liabilities.

9. Compensated Absences

All full-time City employees accumulate vacation and personal time hours for subsequent use or for payment upon termination, death, or retirement. The City has recorded the liability for compensated absences using the "Vesting Method". Under the Vesting Method, the liability is measured based on the sick leave and personal time accumulated at the balance sheet date by those employees who are eligible to receive payments. Compensated absences are paid from the fund each employee is charged to, either the General Fund or the Water and Sewer Fund. The City has an ongoing software lease. The lease bears interest at 3.8%. The lease is payable in monthly installments for two years. The lease is expected to be paid from the Debt Service Fund through transfers from the General Fund.

The annual requirements to retire the leases outstanding at April 30, 2024, including interest payments are as follows:

<u>Due in</u> <u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 28,484	\$ 1,516	\$ 30,000
2026	29,393	607	30,000
Total	<u>\$ 57,877</u>	<u>\$ 2,123</u>	<u>\$ 60,000</u>

Legal Debt Margin

As of April 30, 2024, the legal debt limit of the City was \$40,728,425, based upon 8.625% of its actual 2023 equalized assessed valuation, the most recent available, of \$472,213,627. The debt limit less outstanding debt applicable to the limit of \$528,158 results in a legal debt margin of \$40,200,267 as of April 30, 2024.

11. Risk Management

General and Professional Liability, Property, Casualty, Auto Liability, Crime, Errors and Omissions, Workers' Compensation Coverage

The City is exposed to various risks of loss related to torts: theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To cover itself against these risks, the City is a member of a joint venture, the Southwest Agency for Risk Management (SWARM). SWARM is an insurance risk pool comprised of area municipalities. Each participating government has an ongoing financial responsibility for the liabilities of the pool, however, no material amounts existed at year end. SWARM issues its own financial statements which are available at 5500 W. Wilson Ave., Monee, IL, 60449.

The City accounts for its risk financing activities in the General Fund and the Water and Sewer Fund. These funds pay all general liabilities, unemployment and workers' compensation, medical and dental liabilities and auto and collision claims for which the City is held liable. There were no significant reductions in insurance coverage from the previous year. Settled claims have not exceeded the insurance coverage in the last three years.

11. Risk Management

Employee Health Care Coverage

The City participates in the Intergovernmental Personnel Benefit Cooperative (IPBC) for employee health insurance. The IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs offered by the members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental, and nonprofit public service entities. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers, a Benefit Administrator and a Treasurer. All budgeting and finance decisions are approved by the Board of Directors.

The City's maintains a PPO plan for its employees. The plan is covered by IPBC which provides a pooling of risk among all members for individual claims between \$50,000 and \$500,000. Claims over \$500,000 are fully reinsured. The City is responsible for claims under \$50,000 and the redistributed claims cost for claims between \$50,000 and \$500,000 of participating members.

The City does not exercise any control over the activities of the IPBC beyond its representation on the Board of Directors. To obtain IPBC's financial statements, contact IPBC Executive Director, Dave Cook at davec@ipbchealth.org or Member Service Manager, Sandy Mikel at smikel@ipbchealth.org.

12. Tax Abatements

As of April 30, 2024, the City provided tax abatements through a program to encourage economic development within the City.

The City rebated a portion of sales taxes as allowed by the Illinois Compiled Statutes (Economic Incentive Agreements). The City had agreements with two retail establishments, one of which remained active as of April 30, 2024. The rebates were calculated based on percentages of sales. Rebates paid under the sales tax programs totaled \$40,077 during the year ended April 30, 2024.

14. Major Customer - Water and Sewer Fund

Charges for services in the Water and Sewer Fund include charges to the state of Illinois - Stateville Correctional Center, which account for more than 30.9% of the total charges for services in the Water and Sewer Fund. Charges for water and sewer services for the year ended April 30, 2024 were \$3,331,408 and customer accounts receivable as of April 30, 2024 from Stateville Correctional Center were \$924,105 for billed usage and \$263,902 for unbilled usage.

15. Contingencies and Commitments

Litigation

From time to time, the City engages in legal and administrative proceedings with respect to employment, civil rights, property taxes and other matters. Although the City is unable to predict the outcome of these matters, the City believes that any appropriate liabilities have been established and that the final outcome of these actions will not have a material adverse effect on the results of operations or the financial position of the City.

15. Contingencies and Commitments

Federal Grant Programs

The City currently participates in and in prior fiscal years has participated in various federal grant programs, principally Capitalization for Drinking Water Grants. Federal grant programs are subject to program compliance audits by the grantor agencies. The City's compliance with applicable grant requirements may be established at some future date; however, the City believes that any noncompliance will not have a material effect on the financial statements.

Fund Commitments

The City has entered into various contracts for construction projects to be paid from the Water and Sewer Fund and the Capital Projects Fund. As of April 30, 2024, the City had remaining commitments of \$1.2 million.

Notes to Required Supplementary Information:

The Budgetary Comparison Information schedules include only the activity of the General Fund and the Non-Home Rule Sales Tax Fund. The basis for budgeting is the same as generally accepted accounting principles, on the modified accrual basis of accounting. Amounts are reported by department. All capital outlay accounts have been presented within the respective departments. The budget was amended during the fiscal year. The Non-Home Rule Sales Tax Fund incurred expenditures in excess of budgeted expenditures in the amount of \$13,075.

*Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2023 Contribution Rate**

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31st each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2023 Contribution Rates:

Actuarial Cost Method: Aggregate Entry Age Normal.

Amortization Method: Level Percentage of Payroll, Closed.

Remaining Amortization Period: 20-year closed period.

Asset Valuation Method: 5-Year smoothed market; 20% corridor.

Wage Growth: 2.75%.

Price Inflation: 2.25%.

Salary Increases: 2.75% to 13.75% including inflation.

Investment Rate of Return: 7.25%.

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017 - 2019.

Mortality: For non-disabled retirees, the Pub 2010, Amount Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Other Information:

Notes: There were no benefit changes during the year.

**NOTICE OF INTENT TO ISSUE BONDS
AND RIGHT TO FILE PETITIONS**

Notice is hereby given that pursuant to Ordinance No. **2012**, adopted on the 3rd day of February, 2025 (the "*Ordinance*"), the City of Crest Hill, Will County, Illinois (the "*City*"), intends to issue its Waterworks and Sewerage Revenue Bonds in an aggregate principal amount not to exceed \$4,400,000 (the "*Bonds*") and bearing interest per annum at not to exceed the maximum rate authorized by law at the time of sale thereof, for the purpose of paying costs of improving the combined waterworks and sewerage system of the City (the "*System*"), as further described in the Ordinance. The Bonds would be payable solely from the revenues of the System. A complete copy of the Ordinance follows this notice.

Notice is hereby further given that if a petition signed by 1,087 or more electors of the City (the same being equal to 10% of the registered voters in the City) asking that the question of improving the System and the issuance of the Bonds therefore, be submitted to the electors of the City is filed with the City Clerk within thirty (30) days after the date of publication of this notice and the Ordinance, an election on the proposition to issue said bonds shall be held on the 17th day of March, 2026. The Circuit Court may declare that an emergency referendum should be held prior to said election date pursuant to the provisions of Section 2A-1.4 of the Election Code of the State of Illinois, as amended. If no such petition is filed with the City Clerk within said 30-day period, the Bonds shall be authorized to be issued.

By order of the City Council of the City of Crest Hill, Will County, Illinois.

Dated this 3rd day of February, 2025.

Christine Vershay-Hall
City Clerk, City of Crest Hill,
Will County, Illinois

ORDINANCE NO. 2012

AN ORDINANCE authorizing the issuance of Waterworks and Sewerage Revenue Bonds of the City of Crest Hill, Will County, Illinois, in an aggregate principal amount not to exceed \$4,400,000.

* * *

WHEREAS, the City of Crest Hill, Will County, Illinois (the "*City*"), operates its combined waterworks and sewerage system (the "*System*") in accordance with the provisions of Division 139 of Article 11 of the Illinois Municipal Code, as supplemented and amended, and in particular as supplemented by the Local Government Debt Reform Act, as amended (collectively, the "*Act*"); and

WHEREAS, the City Council of the City (the "*Corporate Authorities*") have determined that it is advisable, necessary and in the best interests of the public health, safety and welfare to undertake certain improvements to the System, including cured in place water main lining and related projects, all in accordance with the plans and specifications prepared by the consulting engineers of the City, which Project has a useful life of at least 30 years, and approved by the Corporate Authorities and now on file in the office of the City Clerk, and to pay the engineering, legal, financial and administrative expenses related thereto (collectively, the "*Project*"); and

WHEREAS, the estimated cost of constructing and installing the Project, including engineering, legal, financial, bond discount, printing and publication costs, and other expenses, is not less than \$4,400,000, and there are insufficient funds on hand and lawfully available to pay such costs; and

WHEREAS, it is necessary and for the best interests of the City that the Project be undertaken and in order to finance the costs thereof it will be necessary for the City to issue up to \$4,400,000 bonds payable from the revenues of the System as authorized by the Act and maturing not later than 30 years after their issuance (the "*Bonds*"); and

WHEREAS, the City expects to issue the Bonds in connection with a loan or loans offered or to be offered by the State of Illinois (the “State”), acting through the Illinois Environmental Protection Agency (the “IEPA”), through the Water Supply Loan Program (the “Loan Program”) of the State pursuant to Title 35 Ill. Adm. Code Part 662 (the “Public Water Supply Program Regulations”), for the purpose of paying certain eligible costs of the Project; and

WHEREAS, such loans may be made pursuant to a loan agreement or agreements and bond ordinance or ordinances, with such terms and conditions as may be provided by the IEPA, and it is necessary and advisable to authorize the acceptance of said loan and the execution of appropriate loan documents:

NOW, THEREFORE, Be It Ordained by the City Council of the City of Crest Hill, Will County, Illinois, as follows:

Section 1. Incorporation of Preambles. The Corporate Authorities hereby find that all of the recitals contained in the preambles to this Ordinance are full, true and correct and do incorporate them into this Ordinance by this reference.

Section 2. Determination to Issue Bonds. It is necessary and in the best interests of the City to undertake the Project for the public health, safety and welfare, in accordance with the preliminary plans and estimate of costs as hereinabove described, that the System continue to be operated in accordance with the provisions of the Act, and that for such purpose, there are hereby authorized to be issued and sold the Bonds in an aggregate principal amount not to exceed \$4,400,000.

Section 3. Publication. This Ordinance, together with a notice in the statutory form (the “Notice”), shall be published once within ten (10) days after passage hereof by the Corporate Authorities in the *Herald-News*, the same being a newspaper of general circulation in the City, and if no petition, signed by 1,087 electors, being equal to ten percent (10%) of the number of

registered voters in the City, asking that the question of improving the System and issuance of the Bonds therefor, as provided in this Ordinance, be submitted to the electors of the City is filed with the City Clerk within thirty (30) days after the date of the publication of this Ordinance and the Notice, then this Ordinance shall be in effect.

Section 4. Additional Ordinances. If no petition meeting the requirements of applicable law is filed during the petition period hereinabove referred to, then the Corporate Authorities may adopt additional ordinances or proceedings supplementing or amending this Ordinance providing for the issuance and sale of the Bonds, prescribing all the details of the Bonds, so long as the maximum amount of the Bonds as set forth in this Ordinance is not exceeded and there is no material change in the Project or purposes described herein. Such additional ordinances or proceedings shall in all instances become effective in accordance with applicable law. This Ordinance, together with such additional ordinances or proceedings, shall constitute complete authority for the issuance of the Bonds under applicable law.

However, notwithstanding the above, the City may not adopt additional ordinances or amendments which provide for any substantive or material change in the scope and intent of this Ordinance, including but not limited to interest rate, preference or priority of any other ordinance with this Ordinance, parity of any other ordinance with this Ordinance, or otherwise alter or impair the obligation of the City to pay the principal and interest due to the Program without the written consent of the IEPA.

Section 5. Loan Not Indebtedness of the City. Repayment of the Bonds to the IEPA by the City pursuant to this Ordinance is to be solely from the revenue derived from the revenues of the System, and neither the Bonds nor the Loan constitute an indebtedness of the City within the meaning of any constitutional or statutory limitation.

Section 6. Application for Loan. The Mayor is hereby authorized to make application to the IEPA for a Loan through the Program, in accordance with the loan requirements set out in the Public Water Supply Program Regulations.

Section 7. Acceptance of Loan Agreement; Execution of Loan Agreement. The Corporate Authorities hereby authorize acceptance of the offer of a Loan through the Program, including all terms and conditions of the Loan Agreement as well as all special conditions contained therein and made a part thereof by reference. The Corporate Authorities further agree that the Loan funds awarded shall be used solely for the purposes of the Project as approved by the IEPA in accordance with the terms and conditions of the Loan Agreement.

The Mayor is hereby authorized and directed to execute the Loan Agreement with the IEPA. The Corporate Authorities may authorize by ordinance a person other than the Mayor for the purpose of authorizing or executing any documents associated with payment requests or reimbursements from the IEPA in connection with the Loan.

Section 8. Outstanding Obligations. The City has outstanding certain obligations payable from revenues of the System. Its outstanding General Obligation Refunding Bonds (Waterworks and Sewerage System Alternate Revenue Source) (the “*Prior Senior Lien Bonds*”), have a lien on the revenues of the System that are senior to the lien on the revenues for the Bonds authorized by this Ordinance. In addition, the City has heretofore entered into and there is now outstanding the the 2022 loan agreement (L175735) with the IEPA that have a lien on parity with the revenues for the Bonds authorized by this Ordinance. The City will continue to fund the necessary amounts in its Junior Bond Reserve Account to provide the coverage and reserve necessary in accordance with the Public Water Supply Program Regulations.

Section 9. Severability. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 10. Repealer; Effective Date. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed; and this Ordinance shall be effective immediately.

**AN ORDINANCE AMENDING PROVISIONS OF TITLE 13 (WATER AND SEWER),
CHAPTER 13.24 (RATES AND CHARGES) OF THE CREST HILL CITY CODE
REGARDING WATER AND SEWER RATES**

WHEREAS, the City Council of the City of Crest Hill has the authority to adopt ordinances and to promulgate rules and regulations that pertain to its government and affairs and protect the public health, safety, and welfare of its citizens; and

WHEREAS, pursuant to Section 11-139-8 of the Illinois Municipal Code (65 ILCS 5/11-139-8), the City Council is authorized and directed to charge all users of the City's combined waterworks and sewerage system (the "System") a rate of compensation sufficient to pay the cost of operation and maintenance of the System, provide an adequate depreciation fund, and pay the principal of and interest upon all revenue bonds issued in connection with the System; and

WHEREAS, the City Council previously exercised the authority set forth above, generally enacting Title 13 (Water and Sewer), Chapter 13.24 (Rates and Charges) of the Crest Hill Code of Ordinances; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to amend various provisions of Title 13 (Water and Sewer), Chapter 13.24 (Rates and Charges) of the Crest Hill Code of Ordinances, as set forth in this Ordinance.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CREST HILL, WILL COUNTY, ILLINOIS, PURSUANT TO ITS STATUTORY AUTHORITY, AS FOLLOWS:

SECTION 1: The City Council hereby finds that all of the recitals contained in the preamble to this Ordinance are true, correct, and complete and are hereby incorporated by reference hereto and made a part hereof.

SECTION 2: Title 13 (Water and Sewer), Chapter 13.24 (Rates and Charges), Section 13.24.010 (City Water Service Charges) is hereby amended to read as follows:

§13.24.010 CITY WATER SERVICE CHARGES.

There are hereby established the rates and charges for use of water provided by the City of Crest Hill through the city waterworks. These charges shall be separate and apart from (i) any wastewater service charges and (ii) from any debt service charges, as specified in §§13.24.011, 13.24.012, 13.24.013, 13.24.014, and 13.24.015 of this chapter.

(A) For use of water service as provided by the city the following rates and charges shall apply to all water connections (other than "bulk water connections," see subpart (B) of this Section, below):

- (1) Base Water Charge: For the first four hundred cubic feet (400 ft.³) used in a given billing cycle, the water user shall pay a flat fee of \$28.30.

- (2) Volumetric Water Charge: For every hundred cubic feet (100 ft³), or part thereof, used in excess of four hundred cubic feet (400 ft.³) of water in a given billing cycle, the water user shall pay an additional charge of \$5.57.
- (3) Every year on the first of May, both the base water charge and the volumetric water charge applicable to all water connections shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Base Water Charge	28.30	\$ 34.81	\$ 42.82	\$ 52.67	\$ 64.78	\$ 78.38	\$ 87.79
Volumetric Water Charge	5.57	\$ 6.85	\$ 8.43	\$ 10.36	\$ 12.75	\$ 15.42	\$ 17.27

Unless otherwise ordained by the City Council, the base water charge and volumetric water charge applicable to all water connections shall be immediately and automatically increased by six percent (6%) on each May first beginning on May 1, 2030.

- (B) Any water user that consumes, on average, more than one hundred and fifty thousand cubic feet (150,000 ft.³) of water per month is and shall be deemed a “bulk water user.” Bulk water users shall pay the following rates in lieu of the amounts listed in subpart (A) of this Section, above:

- (1) Monthly Billing Cycle: all bulk water users shall be billed on a monthly basis.
- (2) Base Bulk-User Water Charge: For the first two hundred cubic feet (200 ft.³) used in a given billing cycle, the bulk water user shall pay a flat fee of \$14.16.
- (3) Volumetric Bulk-User Water Charge: For every hundred cubic feet (100 ft³), or part thereof, used in excess of two hundred cubic feet (200 ft.³) of water in a given billing cycle, the bulk water user shall pay an additional charge of \$5.57.
- (4) Every year on the first of May, both the base bulk-user water charge and the volumetric bulk-user water charge applicable to all water connections shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Base Bulk User-Water Charge	14.16	\$ 17.41	\$ 21.42	\$ 26.34	\$ 32.40	\$ 39.21	\$ 43.92
Volumetric Bulk-User Water Charge	5.57	\$ 6.85	\$ 8.43	\$ 10.36	\$ 12.75	\$ 15.42	\$ 17.27

Unless otherwise ordained by the City Council, the base bulk-user water charge and volumetric bulk-user water charge applicable to all water connections shall be immediately and automatically increased by six percent (6%) on each May first beginning on May 1, 2030.

SECTION 3: Title 13 (Water and Sewer), Chapter 13.24 (Rates and Charges), Section 13.24.013 (Basic User Rate) is hereby amended to read as follows:

§13.24.013 MINIMUM CHARGE AND BASIC USER RATE FOR WASTEWATER SERVICE.

(A) Metered Connections: For use of wastewater service, as provided by the city, the following rates and charges shall apply to all metered wastewater connections (except with regards to “bulk wastewater users,” as described in subpart (B) hereof):

- (1) Minimum Wastewater Charge: For the first four hundred cubic feet (400 ft.³) of wastewater discharged in a given billing cycle, all wastewater users shall be charged a flat fee of \$27.29.
- (2) Basic Wastewater User Rate: For every hundred cubic feet (100 ft.³), or part thereof, discharged in excess of four hundred cubic feet (400 ft.³) of wastewater in a given billing cycle, every wastewater user shall be billed an additional charge of \$6.40.
- (3) Automatic Annual Rate Increase: Every year on the first of May, both the minimum wastewater charge and the basic wastewater user rate applicable to all metered wastewater connections shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Minimum Wastewater Charge	27.27	\$ 30.02	\$ 33.02	\$ 36.32	\$ 38.14	\$ 40.05	\$ 42.05
Basic Wastewater User Rate	6.40	\$ 7.04	\$ 7.75	\$ 8.52	\$ 8.95	\$ 9.40	\$ 9.87

Unless otherwise ordained by the City Council, the minimum wastewater charge and basic wastewater user rate applicable to all metered wastewater connections shall be immediately and automatically increased by five percent (5%) on each May first beginning on May 1, 2030.

(B) Bulk-Use Connections: Any metered wastewater user whose average discharge is in excess of one hundred and fifty thousand cubic feet (150,000 ft.³) per month is and shall be deemed a “bulk wastewater user.” Bulk wastewater users shall pay the following rates in lieu of the amounts listed in subpart (A) of this Section, above:

- (1) Monthly Billing Cycle: all bulk wastewater users shall be billed on a monthly basis.
- (2) Minimum Wastewater Bulk-User Charge: For the first two hundred cubic feet (200 ft.³) of wastewater discharged in a given billing cycle, all bulk wastewater users shall be charged a flat fee of \$13.65.
- (3) Basic Wastewater Bulk-User Rate: For every hundred cubic feet (100 ft.³), or part thereof, discharged in excess of two hundred cubic feet (200 ft.³) of wastewater in a given billing cycle, every bulk wastewater user shall be billed an additional charge of \$9.59.

Automatic Annual Rate Increase: Every year on the first of May, both the minimum wastewater bulk-user charge and the basic wastewater bulk-user

rate shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Bulk-User Minimum Charge	13.65	\$ 15.02	\$ 16.52	\$ 18.17	\$ 19.08	\$ 20.03	\$ 21.32
Bulk-User	9.59	\$ 10.55	\$ 11.60	\$ 12.76	\$ 13.40	\$ 14.07	\$ 14.77

Unless otherwise ordained by the City Council, the minimum wastewater bulk-user charge and the basic wastewater bulk-user rate shall be immediately and automatically increased by five percent (5%) on each May first beginning on May 1, 2030.

(C) Non-Metered Residential Connections:

- (1) All non-metered residential wastewater users of the wastewater facilities shall pay a minimum flat-rate charge per billing cycle adequate to cover: (i) the applicable debt service charge, (ii) the minimum service charge applicable to metered connections, and (iii) a residential non-metered basic wastewater user rate of \$78.50.
- (2) No non-metered residential user may discharge more than 1,200 cubic feet of wastewater in any given billing cycle.

Every year on the first of May, the residential non-metered basic wastewater user rate shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Basic User Rate (Non-Metered Residential)	78.50	\$ 86.35	\$ 94.98	\$ 104.48	\$ 109.70	\$ 115.19	\$ 120.94

Unless otherwise ordained by the City Council, the residential non-metered basic wastewater user rate shall be immediately and automatically increased by five percent (5%) on each May first beginning on May 1, 2030.

(D) Non-Metered Commercial, Industrial, and Governmental Connections:

- (1) All non-metered commercial, industrial, or governmental users of the wastewater facilities shall pay a minimum flat-rate charge per billing cycle adequate to cover (i) the applicable debt service charge, (ii) the minimum service charge applicable to metered connections, and (iii) a commercial non-metered basic wastewater user rate of \$129.68.
- (2) No non-metered commercial, industrial, or governmental user may discharge more than 2,000 cubic feet of wastewater in any given billing cycle.

Every year on the first of May, the commercial non-metered basic wastewater user rate shall be immediately and automatically increased, without additional notice, as follows:

Implementation Date	5/1/2023	5/1/2024	5/1/2025	5/1/2026	5/1/2027	5/1/2028	5/1/2029
Basic User Rate (Non-Metered Commercial, Industrial, and Governmental)	129.68	\$ 142.65	\$ 156.91	\$ 172.61	\$ 181.24	\$ 190.30	\$ 199.82

Unless otherwise ordained by the City Council, the commercial non-metered basic wastewater user rate shall be immediately and automatically increased by five percent (5%) on each May first beginning on May 1, 2030.
