

City Council Agenda Memo

Crest Hill, IL

Meeting Date: 01/29/24
Name: Don Seeman
Department: Building Department
Topic: Police Department sewer repair

Summary: Existing double combo sewer line in the Police Department gives inadequate pressure to clear the line when toilets are flushed. Staff obtained three proposals to correct the sewer line. Proposal from C.J. Erickson incorrectly included the painting and wallcovering to be done after the sewer repair, so total for the sewer work only on their proposal is \$21,700.00. Painting and wallcovering is proposed under a separate item. Staff recommends accepting the proposal from Omega Plumbing due to the amount and the fact that they did the original installation of plumbing at City Center.

Recommended Council Action: Addition of the proposed cost from Omega Plumbing of \$8,466.00 for the sewer repair in the Police Department to the next Council meeting for approval vote.

Financial Impact:

Funding Source: City Center

Budgeted Amount:

Cost: \$8,466.00

Attachments: Proposals from C.J. Erickson Plumbing Co.(adjusted to \$21,700.00), C.R. Leonard Plumbing & Heating Inc., and Omega Plumbing. Plumbing page from original construction drawings.
