

A map-based dashboard that cleans, consolidates and updates data for easy, fast reporting and analysis on properties and neighborhoods.

Silver S

FAST & EASY PROPERTY SEARCHES:

BuildingBlocks is an intuitive, Zillow-like tool that lets you search, retrieve, and share information on a property in seconds, not hours or days. Save time tracking down key information.

EVERYTHING YOU NEED TO KNOW IN ONE PLACE:

BuildingBlocks pulls together every piece of information on a property from your existing business systems - tax assessments and ownership to code violations and police reports - all in one online profile so you know history and risk factors before you act.

QUICKLY IDENTIFY GROUPS OF PROPERTIES:

BuildingBlocks will save you hours of combing through property files and layering data with GIS to try identify and organize targets for select resources, programs, and interventions. Highlight groups by combining multiple search criteria.

EASILY REPORT AND SHARE YOUR FINDINGS:

Raise awareness of and attention to growing problems by highlighting trends; stop them before they gain momentum. Export and share your findings and insights with your team, leadership, and key stakeholders.

BuildingBlocks is 60x faster than the standard process for property review and saves thousands of hours per user per year.

Complete Property Profile

Easy to Export and Share
