

Agenda Memo

Crest Hill, IL

Meeting Date:	July 27, 2026
Submitter:	Blaine Wing, City Administrator
Department:	Administration
Agenda Item:	Naming the Plaza/Park – Draft Name: Crest Hill Commons

Summary: As the City prepares to apply for the OSLAD grant, the City needs to have a name for the project. A name is also needed for the letters of support that we will be seeking as soon as next week.

Internally, we have come up with calling the area the Crest Hill Commons. This is needed very soon, so we can get letters of support from our State Representatives and Senators, as well as from the Park, Library, Fire, and School districts. The reason why this name is currently being used is because this placemaking space is to be used for various events, it's more than a park, and it will hopefully become the City's central gathering/meeting space.

As such, staff are seeking comments and guidance from City Council.

Recommended Council Action: Comments and guidance from City Council.
