

# **Riparian Restoration Project Donation Summary**

This document provides a one-page summary of the collaborative Riparian Restoration Project at Castroville Regional Park, acknowledging the contributions of the Texas Water Resources Institute (TWRI), the Texas State Soil and Water Conservation Board, and the City of Castroville.

## **Provided by TWRI & Funders**

- Funding for the Riparian Restoration Project.
- Installation of restoration features at Castroville Regional Park.
- Implementation of recommendations from the Watershed Protection Plan for the Medina River.
- Educational opportunities: demonstration and learning site for residents, students, and visitors.

## **Provided by the City of Castroville**

- Collaboration with project partners to integrate restoration features into existing and planned park design.
- Watering and maintenance of the restored area for two (2) years after installation to ensure successful establishment.
- Encouragement of recycled water use for irrigation and outdoor watering.
