

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	August 7, 2025
SUBCATEGORY:	Bid Award/Purchases
DEPARTMENT NAME:	Public Works (Solid Waste)
AGENDA ITEM TITLE:	40-Yard Front Loader Garbage Truck Bid Award
DEPARTMENT SUMMARY RECOMMENDATION:	The Solid Waste Division of Public Works has budgeted \$376,000 for the purchase of a new front-loading commercial garbage truck to replace a 2017 model currently in our fleet. This older unit recently experienced a significant mechanical failure, and due to the extent of the required repairs, staff recommend proceeding with the scheduled replacement at this time rather than repairing the vehicle. After reaching out to equipment vendors, staff have located a 2025 New Way Mammoth Front Loader, mounted on a 2025 Battle Motors cab-over chassis, which is available for immediate purchase. Both Solid Waste and Garage staff recommend purchasing this vehicle from Sansom Equipment Company, located in Stonecrest, GA, for a Sourcewell Price of \$369,861.00. This is a 2026 SPLOST budgeted item and will be purchased using Solid Waste reserves, to be reimbursed from collected 2026 SPLOST funds once available.
