Ref : Purchase of Utility Associates Inc. replacement camera system

As you are aware all our patrol vehicles have an in-car and body video/audio recording system and we are currently operating on two different systems (Watch Guard and Digital Ally). The older system, Digital Ally, needs to be replaced because many of the systems are failing and we do not need to have two different systems. Watch Guard was recently acquired by Motorola and their customer service and support has become nonexistent. Fibercom and the Police Department have looked at other systems and decided that Utility Associate Inc. is the best system available for our needs. The total cost to replace our in car and body worn cameras is \$698,935.00. The following is the payment plan for the next five years:

Year 1	\$317,675.00
Year 2	\$95,315.00
Year 3	\$95,315.00
Year 4	\$95,315.00
Year 5	\$95,315.00

This purchase will be made using S.P.L.O.S.T funds and the E-Verify and E-save documents are on file.
