| SUBCATEGORY:                       | Change Order                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| DEPARTMENT NAME:                   | Water Department                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| AGENDA ITEM TITLE:                 | Water Tank Painting Project Closeout                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| DEPARTMENT SUMMARY RECOMMENDATION: | The 5-million-gallon steel, water storage tank on Fairview Street has been re-coated in accordance with contract documents, as approved on May 20, 2021. This contract with Utility Service Company, Inc. was approved for \$546,200.00.  After all material quantities and work have been reconciled, the final project cost is \$511,200.00. This represents a \$35,000.00 credit to the City from project contingencies which went unused.  I request Council approval for the Mayor to sign the final change order to close the project. |
