

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	November 7, 2024
SUBCATEGORY:	Engineering Services
DEPARTMENT NAME:	Water
AGENDA ITEM TITLE:	Water & Sewer Master Plan Engineering
DEPARTMENT SUMMARY RECOMMENDATION:	<p>The Metropolitan North Georgia Water Planning District's Water Resource Plan requires the City to develop water and sewer long and short-range master plans to be able to renew water and wastewater permits issued by the GA EPD.</p> <p>Stantec Engineering has significant experience in master plan development for several water systems in the metropolitan area and has submitted a proposal for the initial task of data collection and evaluation of existing system information to assist the city with plan development. The proposed fee for this first task is \$28,840.80.</p> <p>Additionally, Stantec has submitted their standard Engineering Services Agreement (ESA) for approval.</p> <p>I recommend approval of the ESA and the master plan engineering task order.</p>
