

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	November 7, 2024
SUBCATEGORY:	Bid Award/Purchases
DEPARTMENT NAME:	Public Works
AGENDA ITEM TITLE:	GPS Survey System
DEPARTMENT SUMMARY RECOMMENDATION:	<p>We request the purchase, configuration, and set-up of three GPS handheld units, antennas, and poles from 3D Positioning LLC for a total of \$22,980.00. These are needed to continue to map changes to our utility infrastructure. Two of the units will be replacing existing GPS units which are 6 and 15 years old. One unit is for Water, the second is for Stormwater and the third unit is for the GIS Manager. This is not a budgeted purchase, but ARPA funds are available, as the City feels that this project would help our stormwater division “manage, reduce and recapture stormwater” drainage, as well as allow our water division to “manage our water and sewer infrastructure”, and we recommend this for your approval.</p>
