ZONING ANALYSIS

Project Summary:

The applicant is proposing the rezoning of a 0.86 acre property located at 405-B Old Mill Rd. Located east of the intersection of Old Mill Rd and Douthit Ferry Rd, the property was rezoned in 2002 from L-I to G-C for the construction of a carwash. Case No. Z02-10, approved 8-1-02. The carwash was constructed about 2005. This application proposes to return the zoning to L-I.

Z02-10, ORD 32-02, was approved with a condition that a 15ft. utility easement is required along the SW property line to access the existing power lines. This requirement should carry forward.

The applicant proposes to redevelop the site to allow Steel Materials, Inc. an existing metal fabrication business directly to the north, to expand its' operations onto the site.
