Public comments: None received as of 8-1-2023.

REQUEST SUMMARY:

The City of Cartersville, Applicant, requests the annexation of five (5) properties totaling approx. *158.24 +/- acres north of the intersection of Allatoona Dam Rd and Joe Frank Harris Pkwy (Hwy 41). The properties designated for annexation are bordered by a mix of zoned properties ranging from residential to commercial to industrial and lying in two different jurisdictions, Unincorporated Bartow County and City of Emerson. The primary use of the properties to be annexed is for the Water Treatment Plant, located at 237 Allatoona Dam Rd, Tax Parcel 0093-0545-002.

P-I, Public Institutional, zoning is requested for the parcels.

The City of Cartersville (Water and Sewer), Cartersville Electric Service, Atlanta Gas Light and Georgia Power are the current utility providers in the area.

STANDARDS FOR EXERCISE OF ZONING POWERS.

- A. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.*
The zoning proposal will permit a use (water treatment plant) that is suitable in view of the use and development of adjacent and nearby property.
- B. *Whether the zoning proposal will create an isolated district unrelated to adjacent and nearby districts.*
The proposed application will create an isolated district. This is due to the water source location and the need for the water treatment plant to be located where it is. The use may also be considered an industrial type use which is compatible with surrounding light industrial and commercial uses.
- C. *Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property.*
The proposed zoning should not adversely affect the existing use or usability of adjacent property.
- D. *Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.*
The current use will not change as a result of the annexation. The proposal consolidates the use into one jurisdiction and zoning category.
- E. *Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.*
The zoning proposal should not result in a use that will have an excessive or burdensome use of streets, transportation facilities, utilities or schools.

F. *Whether the zoning proposal is in conformity with the adopted local Comprehensive Land Use Plan.*

The proposed P-I zoning does not conform with the two City of Emerson tracts being annexed per the City of Emerson's 2022 Future Land Use Map (FLUM). However, the Commercial and High Density Residential FLUM designations are consistent with the City of Emerson's zoning map. The P-I zoning and the water treatment facility use is compatible with commercial and light industrial uses of adjacent properties remaining in the City of Emerson's jurisdiction.

The proposed zoning of the Bartow County tract does conform to the 2022 FLUM for Bartow County.

The 2022 FLUM for the City of Cartersville does not address the subject tracts.

G. Whether the zoning proposal will result in a use which will or could adversely affect the environment, including but not limited to drainage, wetlands, groundwater recharge areas, endangered wildlife habitats, soil erosion and sedimentation, floodplain, air quality, and water quality and quantity.

The zoning proposal should not have an adverse environmental effect.

H. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

No additional conditions are known.

RECOMMENDATION: Staff does not oppose the annexation or P-I zoning.
