

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	September 7, 2023
SUBCATEGORY:	Proposals
DEPARTMENT NAME:	Fire Department
AGENDA ITEM TITLE:	Design Proposal Fire Station 5
DEPARTMENT SUMMARY RECOMMENDATION:	<p>Respectfully requests approval of a design proposal with Croft and Associates. This proposal is to provide architectural and engineering services for a 62' x 62' building located on the future site of Fire Station #5. This three-bay building will house reserve apparatus, a fire safety house, and future water rescue assets for our swift water program. This building will be constructed with Fire Station #5 and is currently included in the scope of work for Reeves-Young as construction managers at risk.</p> <p>The total cost for the design proposal is \$37,700.00, included in the overall budgetary numbers provided for this project. Initially, we were unable to determine the feasibility of this request, so it was not on the original scope of the work. Now that the CMR is on board and all hydrology and survey work is complete, we feel it is fiscally responsible to include this as part of the project and request authorization to allow the Mayor to sign all related documents.</p>
