

March 26, 2025

Dear Mr. Morgan:

Geo-Hydro previously performed a subsurface exploration for the project, the results of which can be found in our geotechnical report dated June 2, 2023. Since the issuance of our report, the site design has progressed to include a new site retaining wall south and west of the planned building in an area currently occupied by an existing slope. The annotated site plan excerpt below shows the approximate location of the retaining wall in red. The proposed wall will be approximately 250 feet long and have a maximum height of about 18 feet.

[illegible]

An outline of the exploration is provided in the following section.

SCOPE OF SERVICES

- 1) We will contact Georgia 811 for location of underground utilities. Also, we ask that the project team including City of Cartersville provide any available information regarding the location of underground utilities in the project area. Geo-Hydro will not be responsible for damage to unmarked underground utilities. Please see the attached *Underground Utilities Fact Sheet* for more information. If requested, we can engage a private utility locator to sweep the boring locations. The cost of a private utility locator is provided separately in the *Cost Information* section.
- 2) The project site is currently overgrown, and existing grades are too steep for our drilling equipment. We will engage a loader and operator to clear access trails and level pads for our drilling equipment. The cost to engage a loader and operator is included in our lump sum fee.
- 3) We will perform five machine-drilled test borings along the wall alignment. The final boring locations will be adjusted based on potential utility conflicts, topography, and other access considerations. Standard penetration testing will be performed in accordance with ASTM D1586 in each boring extending to a planned depth of 40 feet or the depth of auger refusal, whichever occurs first. Our lump sum fee allows for a total of **200** feet of soil test boring only.
- 4) We will obtain groundwater readings at the time of the drilling operation. The borings will be backfilled with soil cuttings after the final groundwater check.
- 5) Samples from the field operation will be physically examined, and a visual classification will be assigned in accordance with the Unified Soil Classification System.
- 6) Test boring records will be prepared which provide standard penetration resistances, soil descriptions, and groundwater conditions. Significant soil strata will be delineated, and partially weathered rock or auger refusal will be identified where encountered.
- 7) We will prepare an engineering report outlining the results of the exploration. We will present evaluations and recommendations concerning the following: site preparation, general foundation recommendations, groundwater elevations and their effect on the proposed construction, and remedial measures necessary to manage soft or loose soils if they are encountered. We will present recommended soil properties for design including effective friction angle, cohesion, and allowable bearing pressure.

COST INFORMATION

Based on the Scope of Services outlined above, we will charge the following fees:

Base Scope	Lump Sum Fee
Geotechnical Exploration and Engineering Report	\$10,700

Optional Services	Lump Sum Fee
Private Utility Locator Service	\$700

In the event that additional work is required beyond the outlined scope of services, we will notify you prior to commencing any additional work. A fee for additional work will be negotiated.

We will backfill the borings with soil cuttings after completion and clean up the work areas. Our work may result in some rutting of the ground surface or damage to landscaping. Stabilization of access trails is not included in our lump sum fee. Additionally, our backfilled boreholes may present a tripping hazard after completion. We will make reasonable efforts to reduce the ground disturbance caused by the subsurface exploration, but periodic maintenance by the owner to relevel the ground may be necessary after completion of our work. Geo-Hydro will not be responsible for damage to persons or property related to ongoing settlement of the boreholes after completion of our work.

If landscape repairs or ground stabilization with straw or other erosion control are necessary, we will hire a landscaping or erosion control subcontractor. Landscape repair or stabilization work will be charged at our cost plus 15 percent.

* * * * *

We are pleased to submit this proposal and look forward to the opportunity of working on this project. If this proposal is acceptable, we ask that you execute the attached agreement and return the original to us. If you have any questions concerning this proposal or any of our services, please contact us.

Sincerely,

GEO-HYDRO ENGINEERS, INC.

JTR/AMP/231571.P1 - New Firing Range Building - Bartow County - Supplemental Wall Exploration

CLIENT CONTRACT (Signature Page)

PROJECT NAME: New Firing Range Building – Retaining Wall

PROJECT LOCATION: Cartersville, Georgia

PROPOSAL NUMBER: 231571.P1 **DATE:** March 26, 2025

This document memorializes the contractual understanding and agreement by and between Geo-Hydro Engineers, Inc. (***Geo-Hydro***) and the party as identified and defined below as “***Client***.” Its content, along with the content of: (i) Client Terms & Conditions of Service issued and approved by Geo-Hydro, (ii) that certain proposal document involving the Project Name and Project Location identified above and with a Proposal Number and Proposal Date as identified above (the “***Proposal***”), and (iii) that and/or certain statement of work/s (***SOW***), project document/s, instruction document/s, and/or task order/s (each a “***Project Doc***”) as are accepted and approved in writing by Geo-Hydro, constitute and comprise the terms, conditions and rights of the contractual agreement (“***Contract***”) by and between Geo-Hydro and Client for the service project with the Project Name, Project Location, Proposal Number and Proposal Date as identified above (the “***Project***”), such Project Doc/s being the unique Contract for the Project.

By signing below, each party, acknowledges and agrees to the incorporation and applicability of, and to be bound by, this document, the Client Terms & Conditions of Service document, Exhibit A, the Proposal, and each applicable Project Doc as the Contract for the Project. The “***Signature Date***” of this document is: .

GEO-HYDRO ENGINEERS, INC.
(“Geo-Hydro”)

Signature of Authorized Geo-Hydro Agent

Agent Printed Name

Agent Title

Client Name (“Client”)

Signature of City Clerk

Signature of Mayor

Client is to complete and provide following information:

Billing Entity Name _____

Individual to Receive Invoices _____

Email address _____ Phone No. _____

Street Address _____

City, State, Zip Code: _____

TERMS & CONDITIONS OF SERVICE

A. CONTRACT

The provisions of this Terms & Conditions of Service document are incorporated as a part of that Client Contract (“**signature page**”) document as well as that certain proposal document as identified on the signature page (the “**Proposal**”) and/or that or those certain statement of work/s (**SOW**), project document/s and/or task order/s (each as “**Project Doc**”) executed, accepted, and approved by Geo-Hydro Engineers, Inc. (**Geo-Hydro**) for each Geo-Hydro client Project. This document and all Project Docs that reference a unique Geo-Hydro client Project constitute and comprise a separate contractual agreement (“**Contract**”) by and between Geo-Hydro and the other party Client to a Client Contract (signature page) document and such Project Docs.

B. GEO-HYDRO SERVICES

In consideration of Client: (i) paying Geo-Hydro in full all amounts due, (ii) providing Geo-Hydro and its representatives with access and information as they require, and (iii) complying otherwise with the terms and conditions of the Contract, and subject to the qualifications and limitations otherwise stated in this Contract, Geo-Hydro shall use commercially reasonable efforts to provide to Client the services (“**Services**”) and deliverables (“**Deliverables**”) as expressly set forth in the Proposal and each other applicable Project Doc that is in a writing executed by Geo-Hydro and Client so as to become a part of this Contract. Except to the extent otherwise expressly written as a part of the Contract, Services and Deliverables shall be provided in accordance with, and to, the standards established and determined by Geo-Hydro “Standard of Care” and shall not be required to exceed normal industry standards and specifications for the locale of the associated Geo-Hydro project for Client per the Contract. Nothing in this Contract limits or prevents Geo-Hydro from providing the same or similar services and/or deliverables to others. Geo-Hydro does not assume any responsibilities, duties, or obligations of Client or any other entity or individual. Geo-Hydro’s performance shall not be considered to reduce, eliminate, abridge, or abrogate, any responsibilities, duties, or obligations of any other party. Geo-Hydro is not responsible for the design or construction of the project or the failure of any party to perform in accordance with the plans and specifications for the Projects or any of Geo-Hydro’s recommendations or instructions.

C. FREEDOM TO REPORT.

It is contemplated that, during the course of its engagement, Geo-Hydro may be required to report on the past or current performance of others engaged, or being considered for engagement, directly or indirectly by Client and to render opinions and advice in that regard. Those about whom reports and opinions are rendered may, as a consequence, threaten, initiate, and/or bring claims, including (without limitation) for libel, slander and/or defamation, against Geo-Hydro and its present or former principals, officers, shareholders, directors, agents, representatives, subcontractors, successors, insurers, and attorneys (the “**Geo-Hydro Representatives**”). To help create an atmosphere in which Geo-Hydro’s personnel feel free to express themselves candidly, Client agrees: (1) to waive any claim against the Geo-Hydro Representatives, and (2) to defend, indemnify, and hold harmless Geo-Hydro Representatives from any threat or actual claim for injury, damage, breach, failure, liability, damage, fine, penalty, cost, expense, and/or loss (collectively such individually being a

“**Claim**” and collectively “**Claims**”) arising from or related to the Contract, its subject matter, the Project, the content of the Reports, and/or the professional opinions rendered by Geo-Hydro Representatives. Client further agrees to compensate Geo-Hydro Representatives for any time spent, or expenses incurred, by Geo-Hydro Representatives in defense of any such Claim, with compensation to be paid in accordance with Geo-Hydro prevailing fee schedule and expense reimbursement policy. Client acknowledges that Client and/or Geo-Hydro may be required by local, state, and/or federal statute and/or regulations to report the discovery of conditions, occurrence of events, and/or existence of hazardous materials, and Client authorizes Geo-Hydro to do so as Geo-Hydro deems to be required or otherwise appropriate notwithstanding any confidentiality obligation or other restriction or limitation as may apply. Client waives any cause of action, claim, suit, or demand associated with Geo-Hydro’s compliance with its duties to report as required by local, state, and/or federal laws and regulations, and Client shall defend, indemnify, and hold harmless Geo-Hydro Representatives for any failure on the part of Client or its representatives breach any duty or obligation to report as required by local, state, and/or federal laws and regulations and for any inaccuracy and/or omissions from reports filed that is attributable to the information, data, and access that Client made available to Geo-Hydro Representatives.

D. ACCESS, ENTRY & SAFETY

Client shall, among other things: (a) provide Geo-Hydro, and its representatives and equipment, with access to Client’s properties, sites, facilities, equipment, and/or systems (collectives, “**Sites**”) as may reasonably be required for the purposes of Geo-Hydro performing the Services and producing the Deliverables; (b) respond promptly to any Geo-Hydro request for information, materials and/or approvals, and timely obtain, provide and make available the same to Geo-Hydro and/or its designees, as Geo-Hydro requires to perform its obligations pursuant to this Contract. Additionally, Client agrees that in accordance with applicable laws, ordinances, and generally accepted construction practice, it will be solely and completely responsible for working conditions at, on and near Sites, which obligations includes (without limitation) compliance with OSHA regulations and safety otherwise of all persons and property. These requirements will apply continuously and are not limited to normal working hours. Any monitoring and/or reporting of procedures conducted by Geo-Hydro does not include review of the adequacy of the safety measures at, in, on, adjacent to, or near the Site.

(i) ENTRY.

As a result of Geo-Hydro, and its representatives and equipment, accessing, entering and/or performing Services at or on a Site, damage may occur. Geo-Hydro will use commercially reasonable efforts to endeavor to minimize damage to a Site; with Client acknowledging that the very nature of the Services and Deliverables are expected to cause damages and agreeing that Geo-Hydro is not under any duty or responsibility whatsoever to restore the Site to its condition prior to performance of the Services or provision of the Deliverables. Unless otherwise expressly stated in a Project Doc, Geo-Hydro’s scope of Service contains no provision for backfilling boreholes, test pits, or other exploration holes created to facilitate testing. Client further agrees to waive any Claim against Geo-Hydro Representatives, and to hold harmless, indemnify, and defend Geo-Hydro Representatives, for any Claim alleging injury or damage as a consequence of unfilled exploration holes on the Site or any other disturbance to natural conditions of or any improvements on the Site. Should any costs of restoration be determined to apply to Geo-Hydro, then the amount

deemed to be due shall be added to the compensation Client is to pay Geo-Hydro using such price and terms as determined by Geo-Hydro.

(ii) FIELD MONITORING AND TESTING.

Whenever Geo-Hydro's personnel make on-site observations of materials and/or services provided by the Client or a contractor engaged by Client (the "**Contractor**"), Client agrees that Geo-Hydro is not responsible for the Client's or Contractor's means, methods, techniques, sequences or procedures of construction. Client acknowledges and agrees that the field services provided by Geo-Hydro shall not relieve the Contractor of its responsibilities for performing the work in accordance with the plans and specifications. The words "monitoring," "supervision," "inspection," or "control" mean the periodic observation of the work and the conducting of tests by Geo-Hydro to verify substantial compliance with the plans, specifications, and design concepts for the Project. Continuous or full-time monitoring does not mean that Geo-Hydro personnel are observing placement of all materials or that Geo-Hydro assumes any responsibility or liability for placing or directing placement of materials and Client shall indemnify Geo-Hydro for Claims relating to, or arising from, the placing or directing of the placement of, materials.

E. PAYMENTS

Client agrees to pay Geo-Hydro in full all amounts due on or before their due date, including (without limitation) those due for any Service or Deliverable. Time is of the essence regarding such payment of Geo-Hydro. Client shall be responsible for all sales, use, and excise taxes, as well as any other similar taxes, duties, and charges of any kind, imposed by any federal, state, or local governmental entity on the Contract, Services, Deliverables and/or amounts payable by Client to Geo-Hydro hereunder. Client's obligation to pay Geo-Hydro is not dependent upon Client's ability to obtain financing or the receipt of any approval of any governmental, regulatory agency, zoning board or other party or upon Client's successful completion of the Project. Geo-Hydro reserves the right to submit progress invoices to Client on a bi-monthly, monthly or milestone basis and a final invoice upon completion of Geo-Hydro's work. Each invoice is due and payable to Geo-Hydro, by Client, immediately upon presentation. All amounts due to Geo-Hydro and not paid within thirty (30) days of invoice presentation shall bear interest at the rate of eighteen percent (18%) per annum (or the maximum permissible rate allowed by law if such is less than 18%) until paid in full.

In addition to the amounts otherwise due per this Contract, and the interest due for past due amounts, Client shall pay Geo-Hydro for all Costs (as defined below) relating to a Legal Matter (as defined below) involving Client and Geo-Hydro. "Costs" are all amounts Geo-Hydro incurs to enforce its rights or Client's obligations as well as to defend its rights and itself from Claims made by Client or third parties, including (without limitation) the cost to Geo-Hydro for legal counsel, third-party collection agencies, and time spent by Geo-Hydro employees. "Legal Matters" are all actions taken that involve a contractual, tortious, fiduciary, or statutory subject matter, including (without limitation) demand letters, securitization of debts, lawsuits, administrative filings, arbitration, mediation, and/or other forms of judicial or administrative recourse or dispute resolution proceeding.

F. REPRESENTATIONS, WARRANTIES & DISCLAIMER.

Each party represents and warrants to the other party that: (a) it has the full right, power, and authority to enter into the Contract, to grant the rights and licenses granted hereunder and to perform its obligations hereunder; and (b) when executed and delivered by such party, this Contract will constitute the legal, valid and binding obligation of such party, enforceable against such party in accordance with its terms. In the event that there is to be a some entity other than the Client that is to be billed by, and is to pay, Geo-Hydro (such other party being the "**Billing Entity**"), Client represents, warrants and covenants that: (i) it has a legally binding, express commitment in writing from such Billing Entity to accept and pay (as and when due) all amounts owed Geo-Hydro per the Contracts, and (ii) it guarantees the payment obligations of the Billing Entity and will immediately pay whatever amounts not fully paid to Geo-Hydro by the Billing Entity as due upon being given notice by Geo-Hydro that it has not received payment in full from the Billing Entity for the amounts due but not paid by the Billing Entity. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH HEREIN, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, GEO-HYDRO: (1) DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE EXISTING WITH REGARD TO THIS CONTRACT OR ITS SUBJECT MATTER, AND (2) MAKES NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND, EXPRESS OR IMPLIED, UNDER THIS CONTRACT AND WITH RESPECT TO GEO-HYDRO'S ACTIONS, OMISSIONS, REPORTS, FINDINGS, OPINIONS, COMMUNICATIONS, DELIVERABLES, AND/OR SERVICES, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, AND/OR FITNESS FOR A PARTICULAR PURPOSE.

G. EXISTING CONDITIONS.

Client agrees that subsurface explorations and geotechnical or environmental engineering evaluations are subject to naturally occurring and/or man-made soil and other conditions which cannot always be discovered or anticipated and that a potential exists for such phenomena to impact the Project in ways for which Geo-Hydro cannot be responsible. Client shall disclose, at least 7 days before any scheduled inspections by Geo-Hydro, the presence and location of all known man-made or naturally occurring objects which could be affected by or affect field tests or borings to be performed by Geo-Hydro.

Client acknowledges and agrees that Geo-Hydro has neither created nor contributed to the creation or existence of any irritant, pollutant, or hazardous, radioactive, toxic, otherwise dangerous or harmful substance that may exist at the site, or dangerous conditions resulting therefrom. Client further acknowledges that Geo-Hydro's sole role is to provide a service intended to benefit Client and that Geo-Hydro is performing no function at or association with the site that would classify Geo-Hydro as a generator, disposer, treater, storer, coordinator, handler, or transporter of hazardous materials.

(i) SURVEYING, SAMPLING & TESTING.

Unless otherwise stated, the fees in this proposal do not include costs associated with surveying of the site for the accurate horizontal and vertical locations of tests. Field tests described in a report or shown on sketches are based upon information furnished by others or estimates made in the field by Geo-Hydro's representatives. Such dimensions, depths or elevations should be considered as approximations unless otherwise stated. Geo-Hydro may employ sampling procedures during the course of the Project, with Client acknowledging that such procedures indicate actual conditions only at the precise locations and elevations from which samples were

taken. Client further acknowledges that, in accordance with the generally accepted construction practice, Geo-Hydro shall make certain inferences based on the results of sampling and any related testing to form its opinion of conditions in areas beyond those from which samples were taken. Client acknowledges that despite proper implementation of sampling and testing procedures, and despite proper interpretation of their results, Geo-Hydro cannot, and does not, guarantee the existence or absence of conditions which it may infer to exist.

(ii) **CONDITIONS & HAZARDOUS SUBSTANCES.**

Client agrees to advise Geo-Hydro, in writing, of any hazardous substances on or near the site prior to Geo-Hydro coming onto the site; provided, however, if the hazardous conditions arise after Geo-Hydro is engaged, then such notice shall be within 24 hours after Client learns about the presence of such hazardous substances. In the event that test samples obtained contain substances hazardous to health, safety, or the environment, these samples shall remain the property of the Client. Likewise, any equipment which becomes contaminated and cannot be reasonably decontaminated shall become the property and responsibility of Client. Such samples or equipment will be delivered to Client. Client agrees to pay transportation costs for samples and equipment and the fair market value of such contaminated equipment upon request. Exploratory activities may expose soil and/or ground water considered to be hazardous by local and/or state and/or federal agencies. Geo-Hydro agrees to contain such materials in a manner approved by Geo-Hydro both during and at the completion of Geo-Hydro's field activities. Client understands and agrees that Client, and not Geo-Hydro, is responsible for the storage or disposal of hazardous materials or suspected hazardous materials brought to the surface during Geo-Hydro's exploratory activities.

(iii) **DISCOVERY OF UNANTICIPATED HAZARDOUS MATERIALS.**

Hazardous materials may exist at a site where there is no reason to believe they could or should be present. Client agrees that the discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work or termination of services. Client also agrees that the discovery of unanticipated hazardous materials could make it necessary for Geo-Hydro to take immediate measures to protect human health, safety, or the environment. Geo-Hydro agrees to notify Client as soon as practically possible should unanticipated hazardous materials or suspected hazardous materials be encountered. Client encourages Geo-Hydro to take any and all measures that in Geo-Hydro's professional opinion are justified to preserve and protect the health and safety of Geo-Hydro's personnel, and Client agrees to compensate Geo-Hydro for the additional cost of such work. In addition, Client waives any Claim against Geo-Hydro, and agrees to indemnify, defend, and hold Geo-Hydro harmless from any Claim arising from Geo-Hydro's encountering of unanticipated hazardous materials or suspected hazardous materials. Client acknowledges that discovery of hazardous materials or suspected hazardous materials may lead to a temporary or permanent diminution of property value, and/or may cause delays in or otherwise affect completion of the real estate transaction Client now contemplates.

H. AQUIFER CONTAMINATION.

Subsurface sampling may result in unavoidable contamination of certain subsurface areas, as when a probe or boring device moves through a contaminated area, linking it to an aquifer, underground stream, or other hydrous body not previously contaminated and capable of spreading hazardous materials off-site. Because nothing can be done to eliminate the risk of such an occurrence, and when subsurface sampling is a part of the work which Geo-Hydro will perform on Client's behalf, Client hereby waives any Claim against Geo-Hydro, its officers, employees, subcontractors and other representatives ("*Geo-Hydro Indemnitees*"), and agrees to defend, indemnify and hold Geo-Hydro Indemnitees harmless from any Claim that may arise as a result of alleged cross-contamination caused by sampling. Client further agrees to compensate Geo-Hydro for any time spent or expenses incurred by Geo-Hydro in defense of such Claim, including, but not limited to, any attorneys' fees and expenses incurred by Geo-Hydro, in accordance with Geo-Hydro's prevailing fee schedule and expense reimbursement policy.

I. SAMPLES, DATA AND RECORDS.

~~Geo Hydro shall be the sole owner of any and all data gathered by Geo Hydro or its representative or reports prepared by Geo Hydro. No entity or individual, other than Geo Hydro, its representatives, or Client, may use or rely upon any data collected by Geo Hydro or reports prepared by Geo Hydro. Except as expressly set forth in this Contract, Geo Hydro and Client do not intend the benefits of this Contract, including, but not limited to, the samples, data, and records created by Geo Hydro, to inure to any third party, and nothing contained herein shall be construed as creating any right, claim or cause of action in favor of any such third party, against either Geo Hydro or Client.~~

~~Routine test specimens will be discarded immediately upon completion of tests. Geo Hydro shall retain drilling samples of soil or rock for a period of ninety (90) days following submission of Geo Hydro's report to Client. If Client requests a longer period of storage, Geo Hydro will retain test specimens or drilling samples for an agreed upon time period and fee. Records relating to services hereunder shall be maintained by Geo Hydro for at least three (3) years following completion of Geo Hydro's services.~~

J. TERMINATION.

Either party may terminate this Contract, or any Project Doc, either: (i) for convenience upon thirty (30) days prior written notice to the other party, or (ii) for cause upon the failure of the other party to cure any material breach of this Contract by it within fifteen (15) days of receiving notice of said breach. Additionally, Geo-Hydro may suspend Services, stop Deliverables, and is to have its obligations per the Contract and each applicable Project Doc deferred and adjusted as such are impacted by the suspension and stop, without liability or consequence to Client or any third party in the event that Client fails to cure any breach of this Contract within three (3) days of knowing of such breach.

Upon termination, (1) all Project Docs for the Contract also terminate, (2) Client shall immediately pay Geo-Hydro in full for all amounts due or are to come due as a result of termination, and (3) Geo-Hydro's obligation to perform further Services or complete and provide Deliverables under this Contract end immediately.

Notwithstanding, in the event that Client requests termination and such request is prior to the completion of Geo-Hydro's work, Geo-Hydro reserves the right to complete such analysis and records as are necessary to place Geo-Hydro's files in order and to complete a report on the work performed to date, with Client to pay Geo-Hydro for such additional work Geo-Hydro's then-current hourly rates. Additionally,

Client acknowledges and agrees that the amount of damages that Geo-Hydro will sustain in the event Client terminates this Contract prior to Geo-Hydro's completion of its work required by the proposal and this Contract will be uncertain or difficult to ascertain. As such, Client agrees that in the event Client terminates this Contract prior to Geo-Hydro's completion of the work required by the proposal and this Contract, Client shall be liable to Geo-Hydro for liquidated damages in the amount equal to thirty-five percent (35%) of all charges incurred as of the date of Client's termination of the Contract (the "**Liquidated Damages**"). Client acknowledges and agrees that the foregoing Liquidated Damages do not represent a penalty, but rather, represent a good faith pre-estimation by the parties of the damages that would be incurred by Geo-Hydro.

K. INSURANCE.

Upon notice from a party to this Contract to the other party, the receiving Party will furnish, or have on file with the other party, Certificates of Insurance indicating the applicable insurance coverage and limits as may have in place that pertain to the Contract, its subject matter, and/or the Project.

Should Client and/or other entities require to be provided additional insured status on Geo-Hydro's General Liability Insurance, Auto Liability Insurance, and/or Umbrella/Excess insurance, those entities must be listed below at the time of signing of the contract:

Additional Insured Entities:

L. ~~INDEMNIFICATION.~~

~~Client shall indemnify and hold harmless Geo-Hydro and its officers, directors, agents, and employees from any and all Claims, including, but not limited to, Geo-Hydro's attorneys' fees and costs, resulting from, relating to, or arising out of the following: (i) subsurface conditions, damage to subsurface structures, whether owned by Client or any third party, the presence or location of which were not revealed to Geo-Hydro by Client in writing at least 7 days prior to the commencement of Geo-Hydro's performance; (ii) any alleged cross-contamination caused by Geo-Hydro's sampling; (iii) unanticipated hazardous materials discovered during the course of Geo-Hydro's work; (iv) any damage to Geo-Hydro's equipment or personnel as a result of actions engaged in by the Contractor.~~

M. CONFIDENTIALITY.

Subject to the provisions of the Georgia Open Records Act. All non-public, confidential or proprietary information of either party ("**Confidential Information**"), including, but not limited to, information about such party's business affairs, products, services, methodologies, confidential intellectual property, trade secrets, third-party confidential information, and other sensitive or proprietary information, disclosed by one party (the "**Disclosing Party**") to the other party (the "**Receiving Party**"), whether disclosed orally or disclosed or accessed in written, electronic, or other form or media, or otherwise learned by the Receiving Party in connection with this Contract is confidential, solely for use in performing this Contract and may not be disclosed or copied unless authorized by the Disclosing Party in writing. The Receiving Party shall protect and safeguard the

confidentiality of the Disclosing Party's Confidential Information with at least the same degree of care as the Receiving Party would protect its own Confidential Information, but in no event with less than a commercially reasonable degree of care. Confidential Information does not include any information that: (a) is or becomes generally available to the public other than as a result of the Receiving Party's breach of this Contract; (b) is obtained by the Receiving Party on a non-confidential basis from a third-party that was not legally or contractually restricted from disclosing such information; (c) the Receiving Party establishes by documentary evidence, was in its possession prior to the Disclosing Party's disclosure hereunder; or (d) was or is independently developed by the Receiving Party without using any of the Disclosing Party's Confidential Information. Additionally, the obligations and restrictions applicable to Confidential Information hereunder shall not apply in such instances where disclosure or use is required under applicable federal, state or local law, regulation or a valid order issued by a court or governmental agency of competent jurisdiction, which includes (without limitation) the use and disclosure of Confidential Information to provide notices required by law, regulation or ordinance or when complying with an order to provide information or data when such order is issued by a court, administrative agency, arbitrator, or other legitimate authority, or if disclosure is reasonably necessary for Geo-Hydro to defend itself from any legal action or claim. Either party may issue or release any announcement, statement, press release, or other publicity or marketing materials relating to this Contract, or otherwise use the other party's trademarks, service marks, trade names, logos, symbols, or brand names, in each case, without the prior written consent of (or any accounting to) the other party. When referencing this arrangements and subject matters of the Contract.

The Receiving Party shall be responsible for any breach of this Section caused by any of its employees, contractors, agents, or representatives. On the expiration or termination of the Contract, and at any time during or after the term of this Contract at the Disclosing Party's written request, the Receiving Party shall promptly return to the Disclosing Party all originals and copies, whether in written, digital or other form, the Disclosing Party's Confidential Information; provided, however, a Receiving Party may retain a copy of the Disclosing Party's Confidential Information (and non-confidential information and materials) to the extent, and it may require, to comply with applicable law, regulation, ordinance or order and/to perform its obligations and assert its rights as may arise from or relate to this Contract and its subject matter. Each party's obligations under this Section survive termination or expiration of this Contract.

N. NO THIRD PARTY BENEFICIARIES.

This Contract is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person, which includes (without limitation) the Billing Entity, any legal or equitable right, benefit, or remedy of any nature whatsoever, under, or by reason of, this Contract. In the event that any third party, including (without limitation) the Billing Entity, makes any Claim against Geo-Hydro Indemnites, Client shall defend, indemnify and hold harmless each of the Geo-Hydro Indemnities with regard to such Claims, including, but not limited to, Geo-Hydro's attorneys' fees and costs involving the Claims.

O. GOVERNING LAW; VENUE.

This Contract is to be governed by, and construed according to, the laws of the state in the USA where the Geo-Hydro project is located for which the services and deliverables are to be performed and provided, without reference to its conflicts-of-law rules of such state. Venue for any legal actions, claims, and/or disputes arising from the

Contract or its subject matter, shall be in the state and superior courts of Bartow County, Georgia and the Federal Courts for the Northern District of Georgia, Rome division.

Should a dispute arise,

(1) Geo-Hydro may elect to suspend its performance of this Contract without liability or consequence pending final resolution of any request for relief, cure, claim, appeal, modification, dispute, or action arising from this Contract, with all dates and deadlines per the Contract being tolled for the period that the Contract is suspended plus such number of additional days as Geo-Hydro determines it will reasonably require as a result of the suspension.

(2) Either party may request that each party have an authorized representative(s) conference or meet as soon as conveniently possible, but in no case later than thirty (30) days after such a request is made, to attempt to resolve such dispute or disagreement. Within three (3) days prior to such conference or meeting between the representatives, the parties will exchange relevant information that will assist the parties to discuss resolving their dispute.

(3) If within fifteen (15) days, or such other period as both parties expressly agree upon in writing, after the meeting of authorized representatives the parties have not resolved the dispute on terms satisfactory to both parties, the parties shall submit within thirty (30) days of such period expiring the dispute or disagreement to non-binding mediation. The mediation shall be conducted by a mutually agreeable impartial mediator, or if the parties cannot so agree, a mediator designated by the American Arbitration Association ("AAA") pursuant to its Construction Industry Mediation Rules, with such rules to govern the mediation. Venue for such mediation shall be in Cobb County, GA at the law offices of Geo-Hydro.

(4) In the event that the parties do not resolve the dispute at mediation and such resolution is not memorialized in a writing executed by both parties, then either party may initiate litigation with regard to the dispute in the Contract's designated Venue

P. SEVERANCE; SURVIVAL.

If any provision of this Contract is held to be illegal, invalid or unenforceable under any present or future law, and if the rights or obligations of any party hereto under this Contract will not be materially and adversely affected thereby, (a) such provision will be fully severable, (b) this Contract will be construed and enforced as if such illegal, invalid, or unenforceable provision had never comprised a part hereof, (c) the remaining provisions of this Contract will remain in full force and effect and will not be affected by the illegal, invalid, or unenforceable provision or by its severance herefrom and (d) in lieu of such illegal, invalid or unenforceable provision, there will be added automatically as a part of this Contract a legal, valid, and enforceable provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible.

Q. NOTICES.

All notices, requests, consents, claims, demands, waivers, and other communications hereunder (each, a "**Notice**") shall be in writing and addressed to the parties at the addresses set forth on the signature page of this Contract (or to such other address that may be designated by the receiving party from time to time in accordance with this Section). All Notices shall be delivered by personal delivery, nationally recognized overnight courier (with

all fees pre-paid), or email (with confirmation of transmission) or certified or registered mail (in each case, return receipt requested, postage pre-paid). Except as otherwise provided in this Contract, a Notice is effective only (a) upon receipt by the receiving party; and (b) if the party giving the Notice has complied with the requirements of this Section.

R. FORCE MAJEURE.

Except for any obligations to make payments to the other party hereunder, no party shall be liable or responsible to the other party, nor be deemed to have defaulted under or breached this Contract, for any failure or delay in fulfilling or performing any term of this Contract, when and to the extent such failure or delay is caused by, or results from, events outside of the party's reasonable control ("**Force Majeure Events**"), including but not limited to: (a) acts of God; (b) flood, rain, water, fire, smoke, earthquake, hurricane, storm, wind, tornado or some form of other natural event or disaster, (c) war, invasion, explosions, hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest; (d) government order or law; (e) actions, embargoes, or blockades in effect on or after the date of this Contract; (f) action by any governmental authority; (g) national or regional emergency; (h) strikes, labor stoppages or slowdowns or other industrial disturbances; (i) epidemic, pandemic or other form of healthcare concern or hazardous condition; and (j) shortage of adequate power or transportation facilities. The affected party shall resume performance under this Contract as soon as reasonably practicable after the Force Majeure Event has been resolved or terminated.

S. INTELLECTUAL PROPERTY.

All reports, documents and other materials prepared or furnished by Geo-Hydro pursuant to the Contract are instruments of Geo-Hydro's Services, with Geo-Hydro exclusively retaining ownership and all property interest therein as well as exclusive ownership in, under and to all Intellectual Property Rights in the same as well as in all data, know-how, methodologies, software, and other materials provided by or used by Geo-Hydro in performing the Services and developed or acquired by the Geo-Hydro prior to, as a result of, or after the Contract (collectively, "**Geo-Hydro Materials**"). Upon payment in full for the Services rendered and Deliverables prepared or provided, Geo-Hydro grants Client a limited, revocable, non-transferable, non-sublicensable, non-exclusive license to use, display, reproduce, such Geo-Hydro Materials to the extent incorporated in, or otherwise necessary for, the use of the Deliverables for their intended purpose with the Project. All other rights in and to the Geo-Hydro Materials are expressly reserved by Geo-Hydro. For the purposes of this Contract, "**Intellectual property Rights**" mean any and all rights in, to and under copyrights, patents, patent disclosures and inventions (whether patentable or not), trademarks, service marks, trade secrets, know-how, and other confidential information, trade dress, trade names, logos, corporate names and domain names and other forms of intellectual property rights, together with all of the goodwill associated therewith, derivative works and all other rights. Reuse, misuse, unintended use, distribution or modification of any such Geo-Hydro Materials by Client, without Geo-Hydro's express, prior, written permission, is at Client's sole risk, with Client to indemnify, defend and hold harmless the Geo-Hydro Indemnities from all Claims, including (without limitation) attorneys' fees and legal costs, arising out of such reuse, misuses, unintended use, distribution or modification by Client or by others acting through Client.

T. LIMITATION & EXCLUSIONS OF LIABILITY.

GEO-HYDRO SERVICES AND DELIVERABLES PER THE CONTRACT ARE EXCLUSIVELY PROVIDED ONLY TO, AND FOR THE BENEFIT OF, CLIENT AND MAY NOT BE RELIED UPON, OR ENFORCED BY, ANY OTHER PARTY. GEO-HYDRO

SHALL NOT BE LIABLE TO CLIENT, OR ANY OTHER PARTY, FOR ANY INJURIES OR DAMAGES THAT MAY OCCUR FOR GEO-HYDRO'S NOT PERFORMING SERVICES THAT WERE NOT EXPRESSLY INCLUDED IN THE PROPOSAL OR PROJECT DOCS PARTICULAR TO THE CONTRACT. EXCEPT FOR OBLIGATIONS TO MAKE PAYMENT, INDEMNIFICATION OBLIGATIONS, AND/OR LIABILITY FOR BREACH OF CONFIDENTIALITY, IN NO EVENT WILL GEO-HYDRO BE LIABLE TO THE CLIENT FOR: (A) ANY LOSS OF USE, DATA, REVENUE, OR PROFIT OR FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES WHETHER ARISING OUT OF BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, REGARDLESS OF WHETHER SUCH DAMAGE WAS FORESEEABLE AND WHETHER OR NOT SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; OR (B) DIRECT DAMAGES OF MORE THAN THE GREATER OF: (I) AN AGGREGATE OF \$50,000.00, AND (II) THE AMOUNT OF THE TOTAL FEE PAID TO GEO-HYDRO IN THE SIX (6) MONTH PERIOD PRECEDING THE EVENT GIVING RISE TO THE CLAIM.

U. INDEPENDENT CONTRACTORS.

The parties are independent contractors, and nothing contained in this Contract shall be construed as creating any agency, partnership, joint venture or other form of joint enterprise, employment, or fiduciary relationship between them. Neither party shall be authorized to contract for or bind the other party in any manner whatsoever.

V. SIGNATURES.

By having executed the signature page associated with this document, or by having executed any Project Doc that expressly references and incorporates this document as part of a Contract, this document, and the Proposal and any applicable written, executed Project Docs that reference this document, constitutes the entire, and fully integrated, Contract by and between Client and Geo-Hydro regarding its subject matter, and it supersedes all other prior and contemporaneous negotiations, representations, arrangements, agreements, and understandings, whether written or oral with regard to such subject matter except to the extent otherwise expressly noted in this Contract. This Contract may not be modified, altered, or amended except in a subsequent written instrument executed by each of the parties which refers to this Contract and specifies the amendment made. No waiver of any breach of this Contract shall be deemed or considered a waiver of any other or subsequent breach. Paragraph headings are used to facilitate reference to the various provisions and do not affect the meaning or construction of any provision. This Contract binds, and the benefits hereunder inure to, the respective parties, their legal representatives, executors, administrators, successors, and assigns. The parties hereto have executed this Contract as of the dates shown below, and it may be executed in any number of counterparts, each of which shall be an original and all of which shall constitute together one and the same document.

EXHIBIT "A"
ADDENDUM TO AGREEMENT

Contract Additions, Changes and Modifications. This Agreement and Addendum may not be modified or amended except by a writing that is signed by authorized representatives of each of the parties. No purported modification or amendment shall be binding upon either party until approved in writing by an authorized representative of each party.

Insurance. Contractor must have and keep in force during the term of services the following insurance as a minimum and name the City of Cartersville as an "Additional Insured" by endorsement to the policy:

- a. Worker's compensation insurance in accordance with Georgia worker's compensation requirements regardless of the number of employees that the employer has.
- b. Minimum General and Public Liability Insurance of \$1,000,000 bodily injury and \$1,000,000 property damage to protect the Contractor and the City of Cartersville.
- c. Vehicle Insurance, at least the minimum specified by Georgia law.

Provide the City of Cartersville one certified copy of the insurance policy(ies) prior to commencement on the work.

Additional Responsibilities. Contractor shall be responsible for all damages to persons or property that occurs as a result of the Contractor's fault or negligence and shall take proper safety and health precautions to protect the work, the public, and the property of others. The Contractor shall hold and save the City of Cartersville, its officers and agents free and harmless from liability of any nature occasioned by the Contractor's performance. The Contractor shall also be responsible for all work performed until completion and acceptance by the City of Cartersville.

Independent Contractor Status. Contractor will be held to be an independent Contractor and will not be an employee of the City of Cartersville.

Immigration Reform Compliance Requirement. During the entire duration of this Agreement, Contractor must remain in compliance with Georgia Security and Immigration Compliance Act of 2007 and Georgia code § 13-10-91 and § 50-36-1.

E-Verify. Contractor shall be required to be registered for and comply with Federal E-Verify requirements and the requirements of the Georgia Security and Immigration Compliance Act, O.C.G.A. § 13-10-91. Contractor shall submit the required affidavit promulgated by the Georgia Department of Labor to affirm its compliance. "E-Verify" is an internet-based employment eligibility verification program, operated by the U.S. Department of Homeland Security (DHS) in partnership with the Social Security Administration (SSA), that allows employers to electronically verify through an online government database the work eligibility of newly hired employees. E-Verify is administered by U.S. Citizenship and Immigration Services (USCIS).

Venue and Jurisdiction. The terms of this Agreement shall be construed and interpreted under, and all respective rights and duties of the parties shall be governed by, the laws of the State of Georgia. Venue and jurisdiction for any disputes or litigation related thereto shall be the Bartow County Superior Court.

Notice. Any notice required or permitted to be sent hereunder shall be in writing and shall be sent to the party to receive such notice at the party's address set forth on the Agreement, in a manner requiring a signed receipt, such as Federal Express, courier delivery, or if mailed, registered or certified mail, return receipt requested. Notice is effective upon receipt.

Force Majeure. Neither party shall be deemed in default of this Agreement to the extent that performance of their obligations or attempts to cure any breach are delayed or prevented by reason of any act of God, fire, natural disaster, accident, act of government, shortages of materials or supplies or any other cause beyond the control of such party ("Force Majeure"), provided that such party gives the other party written notice thereof promptly and, in any event, within fifteen (15) days of discovery thereof and uses its best efforts to cure the delay. In the event of such Force Majeure, the time for performance or cure shall be extended for a period equal to the duration of the Force Majeure but not in excess of three (3) months

Termination. The City shall have the right to terminate this Agreement for the following reasons: a) failure of Contractor to properly conduct and complete its contracted services; b) Acts by Contractor which are deemed to be illegal, unlawful, immoral or unethical as defined by law and understood by the City; and c) within thirty (30) days of the swearing in of a new mayor and city council.

No Third-Party Beneficiaries. Except as expressly provided in this Agreement, nothing in this Agreement shall operate to confer rights or benefits on persons or entities not party to this Agreement. Time is of the essence in the performance of this Agreement.

No Waiver. The granting of any payments, and any inspections, reviews, approvals or oral statements by any City representative, or certification by any governmental entity, shall in no way limit Contractor's obligations under this Agreement. Either party's waiver of any breach, or the omission or failure of either party, at any time, to enforce any right reserved to it, or to require strict performance of any provision of this Agreement, shall not be a waiver of any other right to which any party is entitled, and shall not in any way affect, limit, modify or waive that party's right thereafter to enforce or compel strict compliance with every provision hereof. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved by the City's Mayor and City Council and Contractor.

Severability. Any provision or portion thereof of this Agreement prohibited by, or made unlawful or unenforceable under any applicable law of any jurisdiction, shall as to such jurisdiction be ineffective without affecting other provisions or portions thereof of this Agreement. If the provisions of such applicable law may be waived, they are hereby waived to the end that this Agreement may be deemed to be a valid and binding agreement enforceable in accordance with its terms to the greatest extent permitted by applicable law.

Entire Agreement. This Agreement and any written modification shall represent the entire and integrated agreement between the parties hereto regarding the subject matter of this Agreement, shall constitute the exclusive statement of the terms of the parties' agreement, and shall supersede any and all prior negotiations, representations or agreements, written or oral, express or implied, that relate in any way to the subject matter of this Agreement or written modification. All prior negotiations are merged into this Agreement and shall be inadmissible in any enforcement of this Agreement.

Advertising. Contractor agrees not to promote the award of this contract as a part of any commercial advertising.

Survival of Provisions. Except as otherwise separately and expressly provided by the parties in writing, the provisions of this Agreement shall to the greatest extent practicable, survive any expiration or termination of this Agreement, and any completion of the Services.

Counter-Parts. This agreement may be signed in counter-parts and each counter-part shall be deemed an original.

This Addendum executed by the parties to the Agreement, as of the ____ day of _____, 20__.

Fact Sheet

Underground Utilities

Geo-Hydro's work often includes drilling below the ground surface to evaluate subsurface materials. One of our biggest concerns is that we may accidentally encounter underground utilities which may create a safety hazard for our personnel and others or result in a loss of service. Location of underground utilities prior to our work is important to all parties. Unfortunately, location of underground utilities is a difficult task, and accurate location of underground utilities is often not possible.

Geo-Hydro is required by Georgia law to contact the Utilities Protection Center (UPC) prior to drilling. The UPC requires at least 72 hours prior notification. The UPC contacts member utilities, and the member utilities dispatch utility locators. Normally the utility locators will not locate underground utilities on private property, and will only locate utilities from the main service line to the property owner's meter. It is not uncommon for utility locators to improperly locate underground utilities for a variety of reasons.

Geo-Hydro requires that the property owner provide clearly marked locations on the ground of any underground utilities in the work area. If necessary, Geo-Hydro can refer the owner to companies that provide underground utility location services. Alternatively, Geo-Hydro can hire the utility location company and pass this cost through to our client.

Private underground utility location companies do not guarantee that they have located all underground utilities or that underground utilities have been accurately located. In fact, some underground utilities (e.g., irrigation lines, non-metallic lines, etc.) simply cannot be located using non-destructive techniques.

Geo-Hydro will make reasonable efforts to avoid damaging underground utilities that are clearly marked in the field. Due to the uncertainties of locating underground utilities, Geo-Hydro cannot be responsible for damage to unmarked underground utilities. Since Geo-Hydro's work is being performed for the benefit of its client, the client must accept the risk that Geo-Hydro's work could result in damage to underground utilities. As such, it is ordinarily the responsibility of Geo-Hydro's client to accept the responsibility for repairing damage to unmarked underground utilities unless that responsibility has clearly been transferred to another party.
