Issue/Request Description

The City of Cartersville will be implementing the Sensus Flexnet AMI solution and has requested SpryPoint's assistance with coordinating the integration between Sensus and the City's existing Cogsdale CSM Billing System. SpryPoint has unique experience in this area and has worked together with UMS to complete similar integrations for other Cogsdale customers.

In addition to the integration with Sensus, the City has requested SpryPoint's assistance in assisting with the configuration of the Mass Meter-Switch capabilities in preparation for the roll-out of the new Sensus Meters.

Solution

SpryPoint will work together with the City, UMS & Sensus to coordinate the following:
1. Create the File of account/customer information from Cogsdale to be loaded into SENSUS FlexNet **(16 hours)**
2. Create the files to facilitate the CMAP Integration to pull Billing Reads from Sensus Flexnet into the Cogsdale CSM **(24 hours)**
3. Assist with the Mass Meter Import process which includes formatting the file from the UMS Xchange system for import into Cogsdale CSM - **(16 hours)**
4. Guidance to City Staff on any changes of multipliers within Cogsdale CSM that may be required to facilitate billing during the meter switch process (**Included**)
5. Instruct the City on how to test the Bill template Switch a meter, produce a bill and see what it looks like **(Included)**

<u>Annual Ongoing Maintenance & Support.</u>
SpryPoint will provide ongoing Maintenance & Support of the integration process which includes unlimited access to SpryPoint support desk as well as any upgrades required to maintain the integration.

<u>Optional (Time & Materials)</u>
1. Assistance with creation of Smartlist Exception Reports to identify any exceptions that could cause errors in the billing process
   EG. Identify New Meters that have an old multiplier

Please note that Sprypoint effort does not include changes to the Bill Template. SpryPoint recommends that if bill template changes are required that they are managed by Cogsdale or whatever service provider is currently managing the City's bill template.

Estimated Effort

Service Description	Hours	Unit Price	Tax	Amount (USD)
Annual Support Fee				$2,400
Consulting Services	56	$175		$9,800
			Subtotal	
			Total (USD)	$12,200

Terms

- Quotes are valid until Expiration Date listed above
- Payment terms are net 30 days
- Travel Expenses will be billed as incurred if required.
