This is a severe duty pump installed in 2020 which will require this task to be performed on a routine basis.</p> <p>Temsco is the certified maintenance provider for the Vaughan Chopper Pump. They have submitted a quote of \$7,616.53 if all parts are replaced, which may or may not be necessary.</p> <p>I recommend approval of this repair quote.</p> <p>This is a budgeted maintenance item.</p>
