 Cartersville, Ga 30120

ESTIMATE # 5040

DATE 01/23/2026

ACTIVITY	DESCRIPTION	QTY	RATE	AMOUNT
<b>Pool Deck Area Resurfacing</b>	Scope of Work to Include: Deck Area Resurface 1,200 SF Mastic Removal & Replacement to Pool 120 LF Scarify Existing Surface 1,200 SF	1	17,940.00	17,940.00

**Preparation and Installation:**

1. Power wash with 3,000 P.S.I. all surfaces to remove loose damaged materials and prepare surface for base.
2. Paper and tape all perimeters to protect from overspray.
3. Using Planer - Scarifier concrete grinder to remove loose surface material and paint build - up over the coping.
4. Bubble wrap the perimeter of the pool to prevent materials from getting into the pool.
5. Base over old surfaces with pre-blended modified cement aggregate and polymers, for bond level and repair.
6. Custom texture over the deck for slip resistance, coolness and pattern. The coverage to be 100% and meets ASTM-C348 for flexural strength. This to comply with County Code.
7. Seal over the entire surface with two coats of an acrylic stain for finish and color uniformity. Color choice to be determined.
8. Application of urethane mastic between joint on deck and coping.

**Notes: Terms and Conditions:**

It would take approximately 4 to 5 business days to complete this project.  
 We are currently 2 to 3 weeks out to begin a new job, this time will extend closer to pool season.

Workman's Compensation and General Liability Insurance is to be provided under contract.

Warranty: EnviroDek warrants the work for a period of two

years from the date of completion of the work, against defective material or workmanship including bonding failure, chipping or peeling of the application. Resurfacing involves sprayed materials and there will be some over - spray. EnviroDek will keep over-spray to minimum.

Due to inherent movement of the surfaces to which we apply our product, no warranty, expressed or implied is made concerning cracks that may appear in the work.

EnviroDek assumes no obligation or responsibility for deck drainage (standing water) unless the base concrete has been installed by EnviroDek.

Envirodek's crack filling process will warranty cracks from developing due to the crack in the concrete opening for 1 year ONLY if Envirodek was allowed to repair the crack using our own exclusive, 2-part urethane crack repair product and method. If Envirodek is not allowed to repair the cracks using this method, Envirodek cannot warranty against cracks developing. Envirodek will not warranty the crack if it is determined that the crack occurred or reoccurred due to deck settling.

Envirodek, LLC does not make any claims to the slope of the concrete, water puddling, or any other inconsistencies in the concrete deck. Our coatings are a topical service and form with the irregularities of the existing concrete.
