ZONING ANALYSIS**Project Summary:**

The applicant is proposing the rezoning of the 0.50 acre property located at 109 Douglas St. from the P-S (Professional Services) zoning district to M-U (Multiple Use). The rezoning is to allow a landscape company to operate and have outdoor storage of landscape supplies. A Special Use permit, SU24-01, is also to be reviewed per the M-U ordinance requirements.

The landscape contractor is Appalachian Landscape, currently located on the Jackson Farm Planned Development property on Mission Rd. Appalachian is looking for a new location.

It is the intent of the applicant and the landscape contractor to utilize the house at 105 Douglas St. as the office while using 109 Douglas St. as the storage lot for supplies. A fence will be needed to secure the 109 site.

Two driveway cuts exist onto the site from Douglas St. They provided access to the houses that previously occupied the site. Improvements to the driveways will be required.

STANDARDS FOR EXERCISE OF ZONING POWERS.

1. *The existing land uses and zoning of nearby property.*
The adjacent properties to the west are zoned and used for residential. Properties to the south, north and east are zoned and used for office & commercial services.
2. *The suitability of the subject property for the zoned purposes.*
The property is suitable for the P-S zoned purposes.
3. *The relative gain to the public, as compared to the hardship imposed upon the individual property owner.*
The public gain would be minimal. Rezoning would allow a local business to remain in the City of Cartersville.
4. *Whether the subject property has a reasonable economic use as currently zoned.*
The property has a reasonable economic use as currently zoned.
5. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.*
The zoning proposal would permit a use that may be suitable in view of the use of the adjacent residential and commercial use properties.
6. *Whether the proposed zoning will adversely affect the existing use or usability of adjacent or nearby property.*
The zoning proposal should not have an adverse effect on adjacent residential property as long as a visual screen and customary hours of operation are maintained. All parking must be on-site.
7. *Whether the zoning proposal is in conformity with the current future development plan and community agenda of the comprehensive land use plan as currently adopted or amended in the future.*
The zoning proposal does conform to the Future Land Use Map (Commercial), but does not conform to the Future Development Map (North Town Revitalization Area) as the focus of the revitalization area is on residential development.
8. *Whether the zoning proposal will result in a use which will or could adversely affect the environment, including but not limited to drainage, wetlands, groundwater recharge areas, endangered wildlife habitats, soil erosion and sedimentation, floodplain, air quality, and water quality and quantity.*
No adverse environmental impact is anticipated with rezoning or re-use of the site.

9. *Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.*
The proposed zoning use should not increase the burden to streets, transportation, or utilities.

10. *Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.*
There are no known conditions.

STAFF RECOMMENDATION:

Planning staff does not oppose the rezoning. No comments from the other city departments are anticipated to alter this position.
