

ITRON MV90 - ANNUAL MAINTENANCE CONTRACT

The Electric Department is seeking approval of the renewal of our annual maintenance contract with Itron. We must use Itron's MV-90 software to program our larger customers' meters and to download the interval data necessary to prepare the monthly billing. This software analyzes the customers' demands, their consumption and provides the totalization necessary for customers with multiple meters to be treated like a single meter.

This is a sole-sourced item and is a budgeted expense. The Electric Department is requesting your approval to renew the annual MV-90 maintenance agreement with Itron for \$14,145.45
