P O L I C E D E P A R T M E N T

Memorandum

To : Chief F.L. McCann
From : Lt. R. Firth
Date : August 26, 2024
Ref : Purchase of Defense Aerosols,
Chemical Aerosols, Impact
Munitions and Flash Bangs.

Chief McCann,

In an effort to ensure officer and community safety, an inventory of the Team's current stock of tactical munitions to include but not limited to, defense aerosols, chemical aerosols, impact munitions and flash bangs has been completed. As is usually the case, items of this nature are perishable and can only be utilized for a certain period of time within the warranty dictated by the manufacturer. The Tactical Team is in critical need of many of the below listed items as our current stock is either out of date (expired), or soon will be. If approved, it is my goal to update and replace all of the necessary equipment as soon as possible during the upcoming year.

Attached you will find state contract pricing for the munitions and explanations for the items mentioned above. The vendor for these products is Combined Tactical Systems (CTS). Currently, two members of the Tactical Team are certified by CTS to instruct in the use of CTS products (Firth, Albright). The list below also includes the purchase of a single and multi-round 40mm launcher.

Respectfully,

Lt. Ryan Firth

<u>Item</u>	<u>Quantity</u>	<u>Unit Price</u>	<u>Total</u>
