

## CITY COUNCIL ITEM SUMMARY

<b>MEETING DATE:</b>	September 5, 2024
<b>SUBCATEGORY:</b>	Bid Award/Purchases
<b>DEPARTMENT NAME:</b>	Public Works/Parks and Recreation
<b>AGENDA ITEM TITLE:</b>	Asphalt Repair and Placement
<b>DEPARTMENT SUMMARY RECOMMENDATION:</b>	<p>There is a location within the street of Carter Grove Boulevard that continues to fail due to subgrade and bonding issues on the downward gradient near the new Fire Station. Public Works has reached out to several asphalt contractors for pricing and interest to repair this issue. Of the few that have responded, The Surface Masters has been the most economical and cost-efficient response. In addition, to repair to the Carter Grove Boulevard, we have requested pricing to asphalt the approach apron/drive for the Sam Smith Park parking lot. The Surface Masters proposes to complete the repair on Carter Grove Boulevard and pave the drive for a lump sum of \$19,500.00.</p> <p>We recommend mayor and council to grant permission for Public Works to sign the proposal to perform the work. The breakdown for each task will come out of the Public Works Road Maintenance and Parks and Recreation funds.</p>
