## Transformer Total Ownership Cost Evaluation

(Emergency spares for both 12kV and 25kV)

DV(12470Y/7200 x 24940Y/14400)

**300kVA, 277/480**

Aug. 2024

	VENDOR	BRAND	LEAD TIME (IN WEEKS)	BID AMOUNT (per unit)	NL	LL	TOTAL OWNERSHIP COST	DETAILS, COMMENTS
1	Gresco	Ermco	In stock	\$ 24,500.00	458	2794	\$ 29,355.00	New
2	Irby	GE-Prolec	n/a	\$ -			\$ -	No Bid
3	Anixter/Wesco	n/a	n/a	\$ -			\$ -	No Bid
4	Power Supply	VaOpto	10-16	\$ 44,388.00			\$ 44,388.00	Unfamiliar
5	JCL	n/a	n/a	\$ -			\$ -	No Bid
6	UTB	n/a	n/a	\$ -			\$ -	only offshore
7	Emerald	n/a	n/a	\$ -			\$ -	No Bid
8	Solomon	Solomon	~11	\$ 24,957.00			\$ 24,957.00	Reman. Units
9	STC			\$ -			\$ -	

My recommendation for this RFQ is for the Ermco units. These are new dual voltage units currently in stock at the Gresco facility. These units have been very reliable in the past and have the lowest quoted price, including the refurbished or remanufactured units. These units are dual voltage and may be used on either the 12kV or 25kV primary voltage portions of our system.
