| <b>AGENDA ITEM TITLE:</b>                     | Forcible Entry Prop Purchase  |
| <b>DEPARTMENT SUMMARY<br/>RECOMMENDATION:</b> | We are respectfully seeking approval for the purchase of a Forcible Entry Prop for firefighter training. This training prop facilitates realistic scenarios for firefighters to practice forcing entry into residential and commercial buildings. With this prop, firefighters can have unlimited repetitions and those with limited experience can improve their skills in various ways. We obtained quotes from three training prop distributors and have decided to proceed with the lowest bid of \$8,710.00 from Firehouse Innovations. This purchase is within our budget, and we highly recommend your approval. |
