<b>Billable Late Notices (Jan 2022 - Aug 2022)</b>	<b>40</b>
Price per Late Notice (Jan 2022 - Aug 2022)	\$1.10

\*Ticket data is based on our billing period which runs from September 2021 through August 2022

### Billable Ticket:

A member's original notification with a unique identifier (ticket number). A member is only billed for that one instance of an original ticket notification regardless of how many of their service area codes or delivery destinations are associated with that one ticket. Ticket numbers generated from cancels are excluded.

### Billable Late Notice:

Your total number of late notices automatically generated by our system and sent to you, precipitated by one or more of your service areas not responding to PRIS by the Response Due Date on a ticket. Each service area code linked to a member code on a ticket can be billed for a late notice since each service area code requires a response to PRIS by law.
