

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	June 5, 2025
SUBCATEGORY:	Contracts/Agreements
DEPARTMENT NAME:	Administration
AGENDA ITEM TITLE:	Addendum to Architectural Services for Recreation Center
DEPARTMENT SUMMARY RECOMMENDATION:	<p>The City has been working with Qcells for the donation of solar panels for the new Recreation Center and have coordinated these discussions with Croft and Reeves-Young. In order to ensure the roof will accommodate the solar panels additional architectural and engineering work is needed by Croft as discussed in the proposal. The solar panels will provide long-term savings to the city and I recommend approval of the proposal from Croft for their additional work.</p>
LEGAL:	Reviewed by Archer & Lovell
