

## CITY COUNCIL ITEM SUMMARY

<b>MEETING DATE:</b>	May 16, 2024
<b>SUBCATEGORY:</b>	Engineering Services
<b>DEPARTMENT NAME:</b>	Public Works
<b>AGENDA ITEM TITLE:</b>	Terrell Heights Phase I and II- Engineering Services
<b>DEPARTMENT SUMMARY RECOMMENDATION:</b>	<p>In August of 2021, Public Works received approval from the Mayor and Council to contract with Barge Designs to perform engineering design of the storm system for the Terrell Heights Subdivision. Barge Design has completed the design, and Phase II of the project is slated to begin as soon as the contract with the contractor is signed.</p> <p>Barge Design has provided additional bid phase services and is proposing to provide construction phase services for portions of Phase I and all of Phase II. The proposed construction services will include items such as coordination, meetings, status reports, pay applications, site visits/inspections and technical reviews.</p> <p>The proposed amendment will result in compensation of \$48,500.00.</p> <p>This amendment will be paid out of the American Rescue Plan Act (ARPA) Funds. This is not a budgeted item, but it has been determined that these services would qualify for ARPA funding, as the City feels that this project would help our stormwater division “manage, reduce and recapture stormwater” drainage that would result in reduced flooding at this location. Therefore, this project would meet the requirements for eligibility of ARPA funds.</p> <p>Public Works recommends approval of this amendment.</p>
