AGENDA ITEM TITLE:	Erwin St. Fiber Build
DEPARTMENT SUMMARY RECOMMENDATION:	<p>This item is for the construction and installation of an underground fiber pathway to be built from our Erwin St. datacenter to the intersection of Old Mill Rd. and River Dr. This will increase our fiber capacity to serve the west side of Cartersville as we have nearly exhausted our original fiber build from 1997. There will also be additional charges for materials from Utilicom Supply for \$28,029.45 as well as fees paid to CSX for a railroad crossing estimated to be around \$10,000.00. We are asking for an amount not to exceed \$115,000.00. This is a budgeted item but will be funded with the 2020 SPLOST and we recommend this for your approval.</p>
