

## CITY COUNCIL ITEM SUMMARY

<b>MEETING DATE:</b>	Feb 18, 2021
<b>SUBCATEGORY:</b>	Bid Award/Purchases
<b>DEPARTMENT NAME:</b>	Gas System
<b>AGENDA ITEM TITLE:</b>	Sandblast, Prime & Paint for the Transco Delivery Point and Browns Farm Road Regulator Stations
<b>DEPARTMENT SUMMARY RECOMMENDATION:</b>	<p>Both the Transco Delivery Point regulator station and the Browns Farm Road regulator station have to be sandblasted, primed and painted. We requested bids from three companies. Southeastern Natural Gas Services is the only company that provided us with a bid. We tried to follow up with the other companies to no avail. Southeastern Natural Gas Services has performed satisfactory work of a similar scope for us in the past. This bid includes sandblasting, priming, painting, all labor, equipment and materials. The total cost is \$14,500.00 and this is a budgeted item. I recommend Council approval of this item.</p>
