

CITY COUNCIL ITEM SUMMARY

MEETING DATE:	February 18, 2021
SUBCATEGORY:	Bid Award/Purchases
DEPARTMENT NAME:	Electric
AGENDA ITEM TITLE:	Directional Bore Cost
DEPARTMENT SUMMARY RECOMMENDATION:	<p>The Electric Department needs to hire a directional drilling contractor to bore across the parking lot at Aquafil. This will enable us to get a feed to a new transformer that will serve their upcoming expansion. The option would be to cut up their parking lot and dig a trench to install the underground primary. This takes a lot longer, costs more, and would be a huge inconvenience to the customer while the truck access and already insufficient employee parking would be blocked or limited, as well.</p> <p>We obtained a quote from our contractor, Southeastern Gas, to do the work. The amount is \$8,290.00. We are requesting an approved cost not to exceed \$8,800 in case there is an obstacle that requires them to take a slightly different path, and the length is increased slightly. This amount is budgeted.</p> <p>We recommend approval of the cost not to exceed \$8,800 to SEGAS.</p>
