

**TO:** Mayor and City Council of the City of Dacula  
**FROM:** Brittni Nix, Director of Planning & Economic Development  
**DATE:** July 25, 2022  
**SUBJECT:** Bid package for City Hall sewer tie-in

---

The Dacula City Hall sewer tie-in bid documents have been finalized and provided for your review. The plans include the construction of approximately 240 linear feet of 6" diameter PVC gravity sewer and service lateral and two new sewer manholes. The subject infrastructure will be connected to an existing Gwinnett County sewer manhole and service laterals, which will connect City Hall to Gwinnett County's sewer system. In addition, the scope of work includes decommissioning the failing septic system at City Hall and site restoration of the disturbed areas.

The proposed improvements have an estimated OPCC (Opinion of Probable Construction Cost) of \$119,920, which includes a 10% contingency. This project is fully funded by the American Rescue Plan Act (ARPA) federal funds.

Staff requests the Mayor and City Council approve the bid package as provided and grant authorization to solicit for public bids.

Best Regards,

Brittni Nix, Director of Planning & Economic Development
