LETTER OF INTENT

(Revised February 13, 2025)

RE: Applications for Annexation and Rezoning from R-2 (Paulding County) to R-2 (City of Dallas) for property located at 3097 Cole Lake Road, Paulding County, Georgia (hereinafter "Property" or "Subject Property")

Dear Mr. Rakestraw:

The proposed development by Applicant of approximately 318.64 acres for a high-quality, residential, single-family community is designed to incorporate significant active and passive amenities for the proposed six hundred seventy (670) new homes. The Subject Property is encumbered with multiple streams and a lake. These natural resources, however, would be largely protected and preserved by virtue of the community design and layout which place a substantial portion of these areas in permanently protected open space. In addition, Applicant proposes other areas set aside for open space parks in order to provide for an abundance of both landscaped park-like settings; as well as, natural park features to benefit future homeowners.

The R-2 zoning district does not require that natural resources and environmentally sensitive areas be set aside or designated as permanently protected open space areas. Rather, such areas can be located within residential lots so long as required buffers are included. Applicant, however, believes the more beneficial approach to protecting these natural resources is to place a substantial portion of these areas in fully protected open space which will be owned and maintained by a robust homeowners' association with strong covenants. Applicant's proposed site plan and design therefore is consistent with expressed goals of the Paulding County-City of Dallas Comprehensive Land Use Plan for this area, which designates the Property as being within a "Residential" future land use and a "Community Residential Character Area."

MOORE INGRAM JOHNSON & STEELE

Page 2 of 2

Further, due to the overall size of the community, Applicant is proposing two separate active amenity areas along with vast walking trails and passive parks. Applicant is providing a more creative, overall layout which incorporates the goal of open space preservation. In addition, the streams and lake provide substantial topographical and environmental hardships which are far better addressed through preservation and permanent protection. Applicant is agreeable to the new R-2 zoning district and presents a plan with no requested variances.

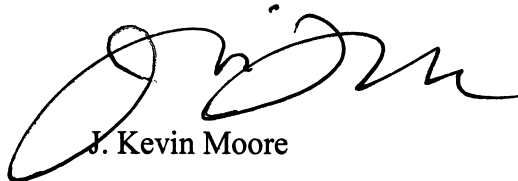

As stated, the Paulding County-City of Dallas Comprehensive Land Use Plan designates the Property as being within a Residential future land use and a Community Residential Character Area. The requested zoning district of R-2 is an expressly permissible zoning district for these land use designations. Furthermore, the stated goals of these land use designations encourage single family, subdivision development, at densities consistent with Applicant's proposal with the preservation of natural resources likewise designed and proposed by Applicant. Accordingly, the Application is wholly consistent with the Land Use Plan and future development envisioned by adopted policies and plans of the City of Dallas and Paulding County.

Due to these factors, Applicant respectfully requests approval of the proposed zoning.

With kindest regards, I remain

Very truly yours,

ATTACHMENT TO ZONING/REZONING APPLICATION

Application No.: A-2025-01 AND 2-2025-01

Hearing Dates: Planning Commission - May 22, 2025
City Council - June 2, 2025

BEFORE THE PLANNING COMMISSION AND THE MAYOR AND CITY COUNCIL FOR THE CITY OF DALLAS, GEORGIA

CONSTITUTIONAL CHALLENGE **ATTACHMENT TO ZONING/REZONING APPLICATION**

COME NOW, Applicant, DAVID PEARSON COMMUNITIES, INC. (hereinafter referred to as "Applicant"), and Property Owner, COLE LAKE HOLDINGS, LLC (hereinafter referred to as "Owner" or "Property Owner"), and assert the following:

1.

By Zoning/Rezoning Application submitted to the City of Dallas Community Development Department, Applicant and Property Owner applied for annexation and rezoning of certain real property, located within unincorporated Paulding County, Georgia, a more particular description and delineation of the subject property being set forth in said Application (hereinafter referred to as the "Property" or "Subject Property").

2.

The Application for Rezoning of the Property seeks rezoning from the existing zoning category of R-2, under and pursuant to the "The Unified Development Ordinance of Paulding County, Georgia" (hereinafter "UDO of Paulding County"), to R-2, as established by the governing authority of the City of Dallas, Georgia, under and pursuant to the Code of Ordinances of the City of Dallas, Georgia, as amended, being hereinafter referred to as the "Code of Ordinances of the City of Dallas."

3.

As to the current R-2 zoning category and the Property located within unincorporated Paulding County, Georgia, the UDO of Paulding County and the Code of Ordinances of the City of Dallas (collectively the "Ordinances"), are unconstitutional as applied to the Property in that said Ordinances deprive Applicant and Property Owner of their Property under and pursuant to Art. I, § I, ¶¶ I and II of the Georgia Constitution of 1983, and the Equal Protection and Due Process Clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States of America. This deprivation of Property without due process violates the constitutional prohibition against the taking of private property without just compensation. The R-2 zoning category, as it presently exists, together with any intervening zoning categories between the existing R-2 zoning category (Paulding County) and the requested R-2 zoning category (City of Dallas), violates the Applicant's and Property Owner's right to unfettered use of their Property in that said zoning classifications do not bear a substantial relation to the public health, safety, morality, or general welfare and are therefore confiscatory and void. Further, said Ordinances are unconstitutional in that they are arbitrary and unreasonable resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss on the Applicant and Property Owner.

4.

To the extent the Code of Ordinances of the City of Dallas allows or permits the Mayor and City Council to rezone the Subject Property to any category other than as requested, said Ordinance is further unconstitutional in that same violates Applicant's and Property Owner's constitutionally guaranteed rights to due process, both substantive and procedural. Furthermore, any such action by the Mayor and City Council, or as allowed by the Code of Ordinances for the City of Dallas, is an unconstitutional use of the zoning power

and would constitute an abuse of discretion with no justification or benefit flowing to the public welfare. Accordingly, said Ordinance or action would likewise represent a taking of private property rights without the payment of just and adequate compensation in violation of the Constitutions of the State of Georgia and the United States of America.

5.

The Ordinances are further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with the Zoning/Rezoning Application also violate Art. I, § I, ¶¶ I, II, and XII of the Georgia Constitution of 1983 in that said procedures impose unreasonable time restraints, contain the absence of rebuttal, contain the inability to confront witnesses, contain the lack of procedural and evidentiary safeguards, do not restrict evidence received to the issue at hand and are controlled wholly and solely by political considerations rather than the facts and considerations required by law. These procedures fail to comport with the due process requirements of the Constitution of the State of Georgia 1983 and the due process requirements of the Constitution of the United States of America.

Respectfully submitted, this 5th day of November, 2024.
