RE: Prevention Division Coordinator Matt Daniel Lieutenant Recognition

Greetings,

I am making a recommendation for the recognition of Prevention Division Coordinator Matt Daniel to the rank of lieutenant. The recognition of this rank is representative of the career path for his position. Matt has met the required prerequisites set forth for this recognition.

Matt has been employed with Dalton Fire Department since January 2003. Matt was promoted to Preventions Division Coordinator in November 2017. Over the past year Matt has shown his ability to lead as the head of a division, and move the prevention division forward as according to the vision of the department. Matt has a level 3 NICET (National Institute for Certification in Engineering Technologies) which compliments his abilities working in inspections. Since being promoted to lead the division I have received several compliments concerning Matt both internal and from the public. He has implemented a schedule of inspections, electronic inspection program, and many other procedures in the inspection division since taking it over that has proved to be very efficient and productive.

I would appreciate your support in recognizing Matt with the rank of lieutenant.

Thank you all for your consideration

Todd Pangle
Chief
