Please Provide A Summary of Your Request, Including Background Information to Explain the Request:

As part of our Public Works capital outlay for equipment purchases, we received a new leaf vacuum truck to utilize during the Fall months for leaf collection. Since the new leaf vacuum truck is in service, our older in house constructed leaf collection unit is no longer needed and is considered surplus property.

The City of Chatsworth, GA is requesting to purchase a portion of the old collection unit which consist of the leaf collector power unit. The agreed upon price is \$6,500, which falls within the range of the fair market value as determined by the Public Works Fleet Manager.
