

## **Training Division Monthly Report**

**September 2018**

### **Overview**

An awareness level course on surface water rescue was delivered to all suppression personnel. The Training Division conducted engine company drills in accordance with NFPA 1410 for all 15 crews assigned to engine companies within the city. Refresher training was completed for all personnel on basic and advanced forcible entry techniques. Additional monthly training included territory familiarization, pre-fire training, core competency check-offs, special operations training, and company level drills chosen by company officers. Training hours during the month of September totaled 2,033.

### **Outside Schools**

Two of the department's hazardous materials technicians attended the 2018 Hazardous Materials Symposium presented by GEMHSA at GPSTC.

Additional off-campus training included:

Preparation for Initial Company Operations	GPSTC	3
Strategy & Tactics for Initial Company Operations	GPSTC	1
Decision Making for Initial Company Operations	GPSTC	1

### **Support Functions**

- 181 hours were spent completing apparatus checks and equipment replenishment
- Cleaning and maintenance activities accounted for 734 hours in September
- 1 hour was dedicated to fire investigation and related activities
