## **City of Dalton Landscaping Bid Package C Specifications**

### **I. Dalton Municipal Airport**

#### **A. Description of services**

- The contractor will provide mowing services from March 1 – December 1 of each calendar year. The contract term is for three years beginning January 1, 2021.

#### **B. Public areas**

- The public areas will be mowed once weekly (colored green on the attached map). There shall be a maximum of 7 days allowed between mows of these areas. This includes weed eating around all areas that are unable to be mowed, edging all walkways and curbs, weeding (pulling weeds, not spraying with herbicides) all beds and tree rings, and blowing off all walkways and pads. Any weeds around the foundations of hangar buildings should be sprayed with herbicide as needed. Any litter present in mowed areas should be collected and removed.
- The contractor will prune all shrubs and bushes as needed to maintain their health and appearance. The contractor is responsible for the removal of the clippings. Any shrub or bush that perishes must be replaced at the contractor's expense.
- Contractor shall prune crape myrtles (19 total) the first or second week of March for each calendar year (location specified on map).
- In September, a winter planting of pansies is to be installed in the beds immediately adjacent to the Terminal Building on both the road-side and aircraft ramp-side of the building. In late April or by the first of May, these same beds are to receive an installation of summer annuals.
- A layer of ground pine mulch will be applied to all shrubbery beds and tree rings once annually. Only ground pine bark may be used. Absolutely no hardwood bark is permitted due the risk of fungal spores and disease organisms.
- All walkways, pads, and mulched areas are to be kept free of weeds by the contractor with Roundup applications or other suitable glyphosate-based brands. Absolutely no soil sterilant may be applied. Any damage due to spills or other misuse of chemicals will be the sole responsibility of the contractor. Any loss of plant material due to negligence or misapplication will be reinstalled at the contractor's expense.
- Please use care when mowing, trimming, or mulching around trees. “Volcano” mulching is prohibited. Care will be required when mowing as not to push mulch into “volcanoes” above the root flares. Bumping or girdling bark mechanically with weed eaters or other machinery may lead to severe damage to trees. We have a considerable investment in the trees planted on public property and it is our intent to protect and preserve each one, by all means available.
- Any changes to the design or contents of the landscape, unless specified in writing, must be pre-approved by the City's Airport Manager or Landscape Foreman.

- Be careful mowing around the fragile runway lights. The contractor is liable for any damage to airport property.
- Please remain alert and maintain considerable space between mowers and incoming and outgoing airplanes.
- Mow the narrow area outside the fence that runs alongside Airport Road. This fence should be sprayed with herbicide as needed to keep weeds and grasses under control.
- All zones that fall outside the colored areas of the map are maintained by Dalton Public Works Department

- The contractor will honor special requests from the City of Dalton
- The service provider will bill monthly the City of Dalton, 300 West Waugh Street/PO Box 1205, Dalton, GA 30722; Attention: Kimberley Witherow ([kwitherow@cityofdalton-ga.gov](mailto:kwitherow@cityofdalton-ga.gov)).
- The contract period runs from January 1, 2021– Dec. 31, 2023.

Contractor should pay special attention to comply with the Grounds Maintenance Policy attached to these specifications.
