(1) added a definition defining an authorized street as per State law which is 25 miles or less and PTV's can not be on the state or federal highway

Parker stated that instead of giving a blanket approval, request for streets/subdivisions will be evaluated for appropriateness and approved by the Mayor and Council on a case by case basis

- (2) added section for required equipment
- (3) added section for registration of vehicles
- (4) added a section for Operation of PTV - Safety Regulations
