

Engineering Memorandum

November 26, 2024

RE: December 3rd Commission Meeting

SIMS – 2nd ST E TO 9TH ST E PROJECT ND DWR LETTER OF SUPPORT

For your consideration is letter of support for the North Dakota Department of Water Resources (DWR) grant application to authorized the City of Dickinson to submit the project grant application. The project is included on the 2025-2027 DWR Water Development Plan which increases the probability of successfully being awarded the grant. The municipal water supply cost share maximum is 60% from the DWR, and 40% from the City of Dickinson. Based on the current estimates, this grant application is anticipated to be for **\$1,200,000**, and the City of Dickinson cost share is estimated to be \$4,800,000 due to some of the pavement and other miscellaneous costs not being eligible for the grant. Both construction and construction engineering costs are eligible cost share items. This letters of support is a new requirement from the DWR.

The City Engineering staff recommends approval.
