Re: Tobacco Compliance Check
326 15th Street West; Dickinson, ND 58601

I write to you on behalf of the City of Dickinson regarding a recently conducted City wide unannounced compliance check of retail tobacco outlets in Dickinson. Southwest District Health Unit has informed the City that your outlet failed its compliance check on December 22, 2025.

According to records given to the City by the Southwest District Health Unit, this is your establishment's first violation in the last 24 months. The Municipal Code provides that if the agent or employee of the licensee possesses a tobacco server training at the time of the violation by said agent or employee, the licensee will receive a written warning for a first offense. The Municipal Code further states that if the agent or employee of the licensee does not possess a server training certificate card at the time of the violation by said agent or employee, the City shall assess against the licensee an administrative fine in the amount of \$500.00.

If the employee cited for selling the tobacco products does possess a server training certificate, please provide a copy of the server training certificate card no later than February 15, 2026. If the City does not hear from you by this date, the City will assume the employee did not possess a server training certificate and assess the \$500.00 fine.

If you have questions, please contact the City of Dickinson.
