

## Engineering Memorandum

April 30, 2025

RE: May 6<sup>th</sup> Commission Meeting

**I-94 SPEED REDUCTION LETTER OF SUPPORT TO NORTH DAKOTA DEPARTMENT OF TRANSPORTATION:**

For your consideration is a letter of support to the North Dakota Department of Transportation for a speed reduction of Interstate 94 through the City of Dickinson as shown on the attached map from the current 75 miles per hour speed limit to 70 miles per hour speed limit. This speed reduction is in conjunction with House Bill 1298. The speed reduction will maintain a consistent and reasonable speed limit through Dickinson to support safe traffic operations for residents and travelers.

The city engineering staff recommends approval.
