RE: Mann's Dam Project – City Commission Letter of Support

On behalf of the City Commission of Dickinson, I am pleased to express our full support for the North Dakota Department of Water Resources (DWR) grant application for the Mann's Dam Project, City of Dickinson Project Number 202508.

The requested funding will facilitate a comprehensive feasibility study to assess existing deficiencies and safety risks associated with this low-head dam. Additionally, the study will evaluate and propose viable alternatives to improve the structure, ensuring long-term safety.

The City of Dickinson greatly values the opportunity to apply for General Water Management cost-sharing assistance through the DWR. This program plays a vital role in enabling the City to proactively identify and mitigate risks that could impact our citizens and vital infrastructure.

Sincerely,

Scott Decker
Mayor
