RE: Street Sweeper Purchase

The City of Dickinson Public Works Street Division is planning to purchase an Elgin Pelican Sweeper to be added to our fleet as part of the 2024 Equipment budget. Elgin is the only company to manufacture a three-wheel mechanical sweeper in which the front wheels are fixed to allow for better maneuverability. We currently have three of these units in our fleet.

A proposal was prepared for the City of Dickinson by the Elgin representative, Sanitation Products, utilizing the Sourcewell contract for purchasing. Sourcewell is a competitive contract solution that solicits purchasing quotes nationally. Sourcewell is recognized and used by several government agencies throughout North Dakota for purchasing equipment.

Public Works staff recommends the purchase of the Elgin Pelican sweeper from Sanitation Products in the amount of \$278,413.00 utilizing the Sourcewell contract. This is an approved 2024 capital purchase item with \$280,000 budgeted on a 7-year lease.

Thank you,
