STAFF ANALYSIS & RECOMMENDATION

The property is owned by the City of Dickinson, and the land uses on the property have been; North Dakota National Guard outdoor equipment storage area on the eastern portion of the property, and the western portion has been used for miscellaneous storage for public works. The new North Dakota National Guard Readiness Center is currently being constructed within the general footprint of what was previously the outdoor equipment storage area. The City of Dickinson staff has been in discussions with the North Dakota National Guard about the City’s proposal for a Public Safety Training Facility on the western portion of the property. The intent is for the North Dakota National Guard and the City of Dickinson Public Safety departments to utilize the others facilities to bring mutual benefit. This City of Dickinson project is currently out for Request for Proposal to complete the engineering and design for the site layout and utility connections with the intent of submitting the plans for a Department of Defense grant in 2024. Both the North Dakota National Guard Readiness Center and the proposed Public Safety Training Facility would be best suited in the proposed Public zoning district.

An amendment to the Future Land Use Map is necessary upon approval to rezone the subject property from GI to P (REZ-007-2023). Staff has reviewed the surrounding GI-zoned area and has determined that approval of the rezone and FLUM amendment will have negligible or no impact on future infill and development of the area.

Compatibility with Local Uses

The introduction of the National Guard Readiness Center and Fire Safety Training Center should have no deleterious effect on nearby local uses. The applicant and those utilizing the subject property must understand that being embedded within General Industrial zoning may lead to future conflicts, depending on the nature of any nearby future industrial development. Per current ordinance, future industrial uses will be permitted in this area.

Compliance with Zoning and Subdivision Regulations

The Public zoning district is not subject to bufferyard standards set forth in **Section 39.08.005 Bufferyard**. Similarly, the adjacent GI lots are permitted to develop as if the National Guard facility were zoned GI.

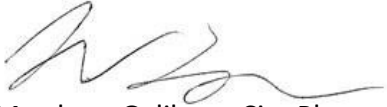

Provisions Table 8-2 Buffer-yard Requirements. If approved, the subject parcel will comply with requirements as set forth by Articles 39 Zoning and 34 Subdivision.

Public Input

As of the date of this report, City staff has not received any public comments.
