Subject: Re: SUP Application Attachments

I'm not sure what the transmittal letter would be but here is the deed!

Conditions:

1. I groom with all doors closed, never open to prevent any escapees.
2. All dogs MUST come in leashed.
3. Everyone MUST park in the driveway at pickup and drop off.
4. Work hours are 8:30am-5pm Monday-Friday. I typically try to never work on weekends.
5. I have a dog waste baggy station inside in case of any dogs who potty on the property. This all goes into the garbage can outside.
6. All dogs are one-on-one unless one home has multiple dogs. I don't have my clients all drop off at once.
7. Deliveries can be dropped off at any door as I live there.
8. Dogs aren't allowed potty breaks to prevent any escapees. Owners are supposed to pick up within the allotted time in my policies so aren't supposed to be there long.

Oh shoot. Yes. Those were all in the documents that wouldn't send over. I will send photos of all of this in the morning. I thought you just needed the aerial view mostly! But I'll send it over right away when I wake up.

Hi Cailie!

Thanks for dropping off your application for a Special Use Permit for a home-based occupation this morning! I don't believe we got a copy of your transmittal letter or your deed. Can you email those over to me when you get a chance? Additionally, can you provide a written outline of how your business would operate and how that may affect surrounding properties, such as any deliveries, whether customers will be parking, traffic generation, and disposal of materials like chemicals or dog waste?

Thank you!
Natalie Birchak
